PRICE FIVE CENTS

FIRE WRECKS FIVE STORES IN COURTENAY

CHILDREN CHIEF FEATURE IN MOST SPECTACULAR PARADE FOR MANY YEARS

Yesterday's Procession Included 1,250 Schoolchildren in Costume; Magnificent Floats and Decorated Cars; Parade Acclaimed by Record Crowds.

Yesterday was Children's Day in Victoria. It is true that the grown-ups were everywhere in evidence helping to celebrate May 24, but the little folks were pre-eminent, and as if old King Sol knew of it and wished to extend his happiest mood to the little ones, he smiled his most brilliant smile and beamed on all and sundry. Everywhere there were children. They constituted seventy-five per cent of the finest parade Victoria has ever staged, and they formed an equally goodly proportion of the huge crowds which thronged the long line of route. And even the worst old misanthrope would have to admit that the kiddies undoubtedly contributed seventy-five per cent of the success of the occasion.

GRANT HALL HERE WITH D. C. COLEMAN ON C.P.R. INSPECTION

Two Vice-Presidents of Railway Are Accompanied by Business Party

Season on the Prairies Looks Like Best For Years, Mr. Hall Says

Grant Hall, of Montreal, vice-president of the C.P.R., arrived in Victoria early this afternoon to join D. C. Coleman, vice-president of the Western lines of the company and president of the Esquimalt & Nanaimo line, who arrived in Victoria this morning.

Mr. Hall said that while it is a little early in the season to prophesy on the Western Canadian crop situation, he considered the prospects excellent.

"In fact, the prospects this season are better than I have seen them for some time past at this time of the year," Mr. Hall added.

Mr. Hall said that studies were being made with regard to the electrification of the Canadian Pacific line through the Rockies, but no definite decision has yet been reached. He said there was no intention of the Canadian Pacific taking over the Campbell River power scheme.

Mr. Coleman explained that the trip was merely one of the usual inspection tours which Mr. Hall and he made at this time of the year and that they would spend a couple of days in Victoria.

With party on their tour through British Columbia are F. W. Peters, general superintendent, and C. A. Cotterell, assistant general superintendent of the C.P.R. at Vancouver, P. P. Cowans, Montreal stock broker, G. M. Black, H. B. Shaw and S. L. Cork of Winnipeg. Mr. Cork, who is supervisor of the Royal Bank of Canada, accompanied Mr. Coleman to Victoria on the night boat.

On their way to the Coast, the party visited the famous Sullivan mine at Kimberley, the best plant at Bonington Falls, and the smelter of the Canadian Consolidated at Trail, B.C.

Mr. Hall said he would return to Montreal by way of Calgary, Edmonton, Saskatoon and Winnipeg.

OAKALLA CHARGE OF MURDER HEARD

C. A. Moore Accused of Killing H. Higginbotham, Fellow Prisoner, on May 3

New Westminster, May 25.—Charles Alfred Moore appeared in the assize court here to-day charged with having murdered Harry Higginbotham at Oakalla on May 3.

Moore and Higginbotham were "trustees" at the Oakalla prison farm. Higginbotham had charge of the cows, while Moore was in charge of the chickens, pigs and boiler room. It is alleged Higginbotham sought to enter the boiler room carrying a pall. Moore, it is said, objected, and Higginbotham, in the dispute which followed, struck him with the pall, whereupon the other allegedly seized a club and retaliated by striking his fellow prisoner on the head. The blow, the prosecution charges, fractured Higginbotham's skull.

It was intimated the defence would be that the blow was struck in self-defence.

The trial is proceeding.

QUEEN KATHLEEN ON FIRST PRIZE FLOAT; CITIES AND UTILITIES

PRIZE WINNERS

Prizes were awarded in the various sections of the parade yesterday as follows:
Cities and Public Utilities—1, City of Victoria; 2, B.C. Electric; 3, Daughters and Maids of England.

Festive, Social and Service Clubs' Floats—1, D. O. K. K. (Knights of Pythias); 2, B.P.O.E. (Elks); highly commended, Rotary Club and Kiwanis Club.
Carnival Costume (comic or otherwise)—1, Sally of Saanich and Ruber; 2, Sheik; 3, Collegiate; 4, Girl of 1850.

Athletic and Sports Clubs—1, Y.M.C.A.
Commercial Manufacturing and Advertising Floats—1, British America Paint Company; 2, David Spencer Limited; 3, National Motor Company.

Decorated Cars—1, B.C. Bond Corporation Limited; 2, Geo. Ward.
Decorated Cars (special)—1, B.C. Bond Corporation Limited; 2, George Ward; 3, South Saanich Juniors; 4, Mrs. J. C. Newbury; 5, Mrs. Woodward.

Special for most unique design—1, B.C. Bond Corporation Limited.
Decorated Bicycles (boy or girl under twelve years)—1, Teddy White; 2, Kenneth Lawson; 3, Vernon Woodward.

Decorated Bicycle and Rider (comic or original, under fifteen)—1, William Brown; 2, Brothers Johnson; 3, Jacob Aaranson.
Novelty Section—1, Dinamore Bros.; 2, Thomas Pimley Limited; highly commended, Tonerville Trevelly and Stone Age.

Best 1-2 Horse Team, attached to float—1, City team (H. Campbell); 2, City team (A. McMillan).
Best Comic Band (not less than eight pieces)—1, Thirsty-first Scot-itch; 2, Rowies Boys' Band.

Driver of Auto Severely Burned

Kitchener, Ont., May 25.—Jacob Gatschenko, sixty-seven, of Waterloo, received serious burns when his automobile, after rolling down a hundred-foot embankment and leaving him unhurt, burst into flames at the middle of June. It was announced that his clothing was burned from his body. Gasoline had spilled from the tank.

Mayors Soon to Meet in Vancouver

Vancouver, May 25.—Mayors and Reeves of the lower mainland of British Columbia and Vancouver Island will be the guests of Mayor Louis B. Taylor on Vancouver Day, about the middle of June. It was announced at the City Hall to-day.

The first gathering of this kind was held on June 13 last year, and Mayor Taylor plans to make it an annual event.

Topics of general interest will be discussed, and Mayor Taylor will seek support for the movement to bring the 1926 Imperial Conference to British Columbia.

MAY FROST IN OKANAGAN AREA

Vernon, B.C., May 25.—Frost in the Okanagan Valley last night caused considerable damage to early vegetables, many gardeners on the flats reporting potatoes, corn, beans and tomatoes were cut down. On the benches, apparently, there was no damage. No report of damage to fruit trees has been received.

The Government weather station here recorded a low temperature of thirty-four degrees last night, but frost in the valley goes in streaks.

FIGURES SHOW BIG GAINS OF C.N.R.

During First Four Months of This Year System's Earnings \$9,689,217

Dunning Makes Annual Budget Speech to Members of Commons

Ottawa, May 25.—Hon. C. A. Dunning, Minister of Railways and Canals, this afternoon presented in the House of Commons the budget of the Canadian National Railways.

"Given reasonably good harvests and freedom from traffic losses due to difficulties, it may be possible for the National Railways this year to meet their entire interest charges due the public," said Mr. Dunning. "This, needless to say, would constitute a remarkable and welcome achievement."

"I have spoken," added Mr. Dunning, "with a certain optimism and a degree of confidence I would like the House to share. With me it is not merely a case of the wish being father to the thought. I have been able to secure the operating results of the Canadian National lines for the first four months of the present year. They indicate the earnings were \$9,689,217, as compared with \$3,774,782 during the same period last year, an increase of \$5,914,435. It is on this outlook I base the confidence I would have you share. Our railways are excellent barometers as far as business is concerned. They

REVELSTOCK GIRL LED ESSAY CONTEST

Dorothea Lundell Wins \$200 For Writing of Friendship of Nations

Montreal, May 25.—The prizes offered by James W. Gerard, former United States Ambassador to Germany, for the best essays by boys and girls of Canada on the "Friendship of Great Britain, Canada and the United States and How Best to Maintain It" have been awarded as follows:
First prize, \$200—Dorothea Lundell, 29 Ninetieth Street, Revelstoke, British Columbia.
Second prize, \$150—Frank Gray, Gardenvale, Quebec.
Third prize, \$100—Kenneth S. Eddy, 3214 Adair Street, Montreal, Quebec.
Fourth prize, \$50—T. D. Baker, 1110 Fifth Street, West Calgary, Alberta.

Farmers From U. S. Seek Canadian Prairie Homes

Winnipeg, May 25.—Considered the vanguard of a considerable movement of settlers from the United States to Canada, sixteen land seekers from Harvey, Minnesota, Grand Forks, South Dakota, and Argyle, North Dakota, are now on their way West under the guidance of H. H. Piel and J. R. Ryan of the colonization department of the Canadian Pacific Railway at St. Paul.

SCHOOL TEACHER IS BELIEVED MURDERED

Port Essington Half-breed Arrested Following Loretta Chisholm's Death

Body of Young Woman Found on Trail Near Town on Skeena River

Prince Rupert, May 25.—Belief that Miss Loretta Chisholm, 25-year-old school teacher found dead on a trail Monday near the town of Port Essington, was murdered, is becoming firmly established as further details of the tragedy are learned. Already a half-breed Indian has been placed under arrest at Port Essington in connection with the girl's death following the finding of more details in the dead girl's mouth.

The trail near which the body was found was a favorite walk of Miss Chisholm and this was generally known.

Port Essington is south of here, near the mouth of the Skeena River. Miss Chisholm was a graduate of the Vancouver Normal School. The parents, Mr. and Mrs. P. W. Chisholm, live at Bridgeport, Lulu Island, a short distance south of Vancouver.

Evangeline Booth Recovers Strength

New York, May 25.—The acute symptoms in the condition of Miss Evangeline Booth, national commander of the Salvation Army in the United States, who is ill at her home near White Plains, have passed, and she is no longer in immediate danger, it was announced to-day by her physician, Dr. W. C. Tilden.

TWO WATERSPOUTS WERE SEEN ON GEORGIA GULF

Vancouver, May 25.—Whirling and hissing its way over the Gulf of Georgia, a waterspout, described as nearly 1,000 feet high, was sighted at 3:30 a.m. yesterday by Captain Johnson of the tugboat Eva.

Apparently formed, said the captain, near Point Grey, and traveled toward Gower Point, a distance of seven miles. He declared it appeared to have a base at least 100 feet in diameter, the water spraying to whiteness where it entered the narrow neck of the spout.
Prospect Point sighted another spout at 5 p.m. It was also described as nearly 1,000 feet high. It seemed to break when it hit the hills beyond the point, officers reported.

Robbery in New York City

New York, May 25.—Three armed men attacked Davis Swinto, a negro bank messenger, to-day as he was leaving the Bronx branch of the Hamilton National Bank and escaped with \$34,000 he was carrying in a brown paper package under his arm. The money was being transferred to the main bank on West Forty-second Street.

Man Killed by Exhaust of Auto

Middleton, N.S., May 25.—The body of Mayor W. T. Feindel was found in his garage yesterday, lying on the floor with the engine of his car running. Apparently he was asphyxiated by the fumes from the car's exhaust.

MANY BODIES FOUND IN VOLCANO MUD

100 Recovered After Eruption Disaster in Japan; 200 Injured Are Rescued

Total Deathlist Unknown; 1,000 Farmers Missing; Relief Measures Taken

Tokio, May 25.—One hundred bodies and more than 200 injured have been removed from the mass of mud, lava and rocks precipitated by yesterday's eruption of a volcano in Tokachi Province, Hokkaido Island, according to a telegram from the governor of the island. How many of the one thousand farmers missing were buried alive in the lake of mud which covered the district could not be ascertained.

Two hundred doctors and nurses are attending the unfortunate peasants, aided by 400 relief workers of the Young Men's Association.

VILLAGES FLOODED

The lake in the crater of Mount Tokachi, released by the eruption, poured through the sides of the mountain, inundating several villages. Many were drowned and the water mingling with lava and earth loosened by the eruption covered rich fields and houses with mud. Landslides occurred on the steep slopes.

The volcano, supposed to have been extinct, began rumbling May 4. Many inhabitants, alarmed over the catastrophe fled from the district. BUILDINGS SWEEP AWAY

In a message to-day the governor of the island said 200 buildings had been swept away.

Two miles a railway near the volcano was destroyed.

Vernacular newspapers make various estimates of the casualties and damage.

The volcano is in the mountains of Tokachi Province, in the central part of Hokkaido Island. The mountain was being mined extensively for sulphur.

There were three explosions of the volcano yesterday.

Tokachi province is a region only newly settled and recently penetrated by the Japanese. It has been practically a wilderness, it has been rapidly developed for agriculture and cattle raising.

The principal town of the region is Ashikaga, where the Government maintains a meteorological observatory.

TWO M.P.'S RESIGN IN NEWFOUNDLAND

Give up Office After Two Members Read of Monroe Government

St. John's, Nfld., May 25.—Premier W. S. Munroe announced this afternoon that Lewis Little, member of the Legislature for Bonaville, and Philip Moore, representative of the Ferryland district, had tendered their resignations.

These resignations followed the dismissal on Saturday of two members of the Monroe Cabinet, F. G. Bradley and C. E. Russell, who had been charged with "treachery" by the Premier in letters demanding their resignations.

A further defection was recorded on the opening of the House this afternoon when Clyde Lake, Government member for Burn, entered with the Opposition Party.

NORTH BURNABY GIRL WAS KILLED

Vancouver, May 25.—Dashed to the ground, twenty feet beneath, when she touched a high tension power wire at 6 o'clock Monday night, Ruth Finley, twelve-year-old daughter of Mr. and Mrs. Harvey H. Finley of North Burnaby, died in a hospital here at 2:30 o'clock this morning.

The little girl climbed a trellis pole carrying the power line. Immediately she touched the wire she crumpled up and fell to the ground. When picked up by her fifteen-year-old brother, Berthel, she was unconscious.

Berthel rushed for aid and his sister was quickly conveyed to the hospital.

DAMAGE AMOUNTS TO OVER \$40,000 IN EARLY MORNING BLAZE AT UP-ISLAND CITY

Garage and Automobiles, Grocery Store, Butchers' Store and Poolroom Destroyed; Two Fire Brigades Save Other Frame Buildings on Union Street.

Special to The Times

Courtenay, May 25.—The worst fire that Courtenay has experienced since 1916 completely destroyed five places of business and caused a loss of between \$40,000 and \$50,000. It started about 1:15 a.m. this morning, and when first observed was burning briskly on the wall between Jeff Hannay's poolroom and Blunt & Ewart's garage, in the poolroom side of the wall.

OTHER BUILDINGS THREATENED

There is a continuous line of wooden buildings along this side of Union Street and when it first spread into the garage it at once became a question of saving any of the buildings on one end of the street.

CITY HEALTHY MEDICAL OFFICER REPORT SHOWS

Dr. A. G. Price States 1925 Was Healthy Year; Presents Report to Council

Victoria city attained in 1925 a remarkable health record, only 337 cases of infectious disease being recorded, Dr. A. G. Price, city medical health officer, will report to the city council this evening, when presenting his annual report. This record compares favorably with 1924, when 494 cases were recorded and is more than three times as good as 1923 when 1,177 cases of infectious illness were scheduled.

The city's tuberculosis record is steadily improving. There have been only 23 deaths from the great white plague, this being 6.6 per cent of all the deaths reported, as compared with 12 per cent in 1924.

Care of the city's poor in the city hospitals cost \$44,190 in the year, grants to the Royal Jubilee Hospital having aggregated \$29,000, and per capita payments to St. Joseph's Hospital amounted to \$5,190.

In the Old Men's Home an average of 34 men were maintained during the year. The cost to the city being \$15,501, while eighteen ladies were supported at the Aged Ladies' Home by the city at a cost of \$4,641. The Children's Aid Home cost Victoria \$4,500 during the year.

Dr. Price gives praise to the three nurses of the Victorian Order of Nurses, stressing their diligence and efficiency.

SOUTH AFRICAN FLAG BILL IS WITHDRAWN

Measure Creating New Ensign to be Introduced at Next Session of Parliament

Capetown, South Africa, May 25.—(Canadian Press Cable Via Reuters) The bill providing for the proposed new South African flag will be withdrawn at the present session of the House of Assembly, but it will be reintroduced next year, according to an announcement made to-day by Hon. D. F. Malan, Minister of the Interior.

The design of the new South African flag does not include the Union Jack. It is made up of a vertical red stripe and horizontal stripes of green, yellow and blue.

There is strong opposition to the new flag because it does not include the Union Jack and this opposition has been growing stronger and stronger since the Hereng Government accepted the design.

Prominent members of the Labor Party have opposed the flag, though it is through a pact between the Labor Party and the Nationalist Party that the Hereng Government holds power. There have been intimations of a split between the Labor and Nationalist parties over the flag situation.

Leave to introduce the flag bill was granted last Thursday on a division of 69 to 49. The bill was then given first reading.

Man Killed by Exhaust of Auto

Middleton, N.S., May 25.—The body of Mayor W. T. Feindel was found in his garage yesterday, lying on the floor with the engine of his car running. Apparently he was asphyxiated by the fumes from the car's exhaust.

Peace Negotiations Between Krim and French and Spaniards Reported

St. Jean de Luz, France, May 25.—Peace negotiations with the Russian leader, Adolphe-Krim, were started last Sunday and probably will be terminated before the end of the week with the complete suppression of the tribesmen, according to assertions made in the highest circles. It was reported here to-day from Madrid.

BELIEVED RIFF WAR WILL SOON CEASE

St. Jean de Luz, France, May 25.—Peace negotiations with the Russian leader, Adolphe-Krim, were started last Sunday and probably will be terminated before the end of the week with the complete suppression of the tribesmen, according to assertions made in the highest circles. It was reported here to-day from Madrid.

Railway Agents Hold Conference At Kelowna

Vancouver, May 25.—Twelve Canadian Pacific Railway officials from Vancouver headquarters will attend conference of agents in Okanagan Valley and fruit growing territory contiguous which will be held Wednesday afternoon at 1.30 on board S.S. Skeena at Kelowna. Following meeting members of Board of Trade and prominent resident and fruit-growers of district will be guests of railway on trip on board the steamer. The people of Vernon will be entertained Thursday when they will be taken for a cruise on S.S. Skeena from Okanagan landing. Both at Kelowna and Vernon demonstrations of new ventilated fruit car, belonging to Dominion Express Company, will take place, while at latter point the guests of the company will be given a run on the car as far as Armstrong and back. The local officials, including C. A. Cotterell, assistant general superintendent, will leave for Kelowna this evening.

Paganini's favorite violin is preserved in a glass case in the municipal palace at Genoa, his birthplace. He bequeathed it to the city on condition that it never be used.

Blemishes and Irritations Quickly Disappear

When Cuticura is used. Bathe with the soap and hot water, dry gently and anoint with the Ointment. This treatment not only soothes and heals unsightly and annoying pimples, rashes and skin irritations but tends to prevent such conditions.

Sample Book Free by Mail. Address: Cuticura, P.O. Box 100, Portland, Me., U.S.A. (Cuticura Soap and Ointment, 25c each.)

Trail Riders' Third Annual Pow-Wow

1. Ready to go after pitching camp
2. Greeting aboard.

The grave old mountains that surround the beautiful little Piamigan valley near Lake Louise will bear and see things this summer that will remind them of the good old days when Indian hunters and warriors made the hills echo with their shouts when they danced about their great campfires; for this lovely spot has been chosen by the Order of Trail Riders of the Canadian Rockies to be the place where they will hold their annual Pow-Wow on August 1, following the official trail rides.

Many parties have camped in Piamigan valley, but never such a one as there will be this summer when trail riders gather from all over the world to attend their great feast. Then the deep silence of mountain and lake will be broken for one day when the hoof-beats of several hundred ponies sound through the valley.

From all indications the Pow-Wow of 1926 will be bigger and merrier than those of previous years. At noon on August 1, two parties of trail riders will meet at the camp in the valley, pitch their tents, and when night falls, light a great fire around which the official ceremony will be held, and join in singing trail riders songs.

There will be two official trail rides this summer, both a five-day ride and a three-day ride. Members going on the longer ride are meeting at Lake Louise, so famous for its beauty and its magnificent Canadian Pacific Chateau, on July 29, and following the trail up the Bow Valley

to Mosquito Creek, making a side-trip to Bow Pass, then up over Molar Pass, and up the little Pipestone to Baker Lake, so by Piamigan Lake to Piamigan Valley. They plan to make 20 miles a day for the first three, 16 miles on the fourth day, and 9 miles on the fifth.

Those taking the three-day ride will start from the Banff-Lake Louise road and follow the trail past Johnston's Creek to Baker Creek and Baker Lake, and so to Piamigan Valley. This party will travel more leisurely, making about 14 miles a day for the first two and nine miles on the third day. After the Pow-Wow all the trail riders will return to Lake Louise by Corral Creek.

The Order of the Trail Riders is just three summers old this year, and already has a membership of about 600, more than 100 of which have enamel buttons showing that they have travelled more than 2,500 miles. The rest have buttons, too, differ-

ent kinds, according to the distance they have travelled: a bronze button for 50 miles, a silver one for 100 miles, a gold one for 500 miles, and a gold and enamel one for 1,000 miles.

Its aims are chiefly to encourage horseback travel through the Rockies, to promote the breeding of suitable saddle horses for high altitudes, to keep up old trails and build new, to protect the forests and encourage the love of outdoor life and the study and conservation of wild life, to prepare and circulate maps of existing and proposed trails, and help maintain the observance of close and open seasons for fish and game.

The Order has recruited its members from all classes, all ages and all parts of the world. Last year's Pow-Wow was attended by artists, writers, European nobility, Indian chiefs and American millionaires. Leading the ride was a lady of seventy, while a lad of twelve brought up the rear.

GRAIN ON PRAIRIES AHEAD OF LAST YEAR

Throughout Most of Plains Region Crop Prospects Give Great Promise

Winnipeg, May 25.—Wheat is showing healthy growth in the three prairie provinces, according to the weekly crop report issued by the Canadian National Railways to-day. Prospects throughout the West are very bright. There has been little damage from any source.

In Manitoba rain and snow provided plenty of moisture in the Portage district, where wheat is as high as six inches. In other districts the grains are from one to two weeks earlier than last year.

Most of the districts of Saskatchewan, now have ample moisture, but warm weather is needed. Early sown wheat in the Regina district is up three inches and showing very

strong growth. In the Saskatoon district, wheat growth varies from two to six inches. Seeding of wheat in all districts is complete and other grains well advanced.

Some districts in Alberta report wheat up about four inches and seeding in all sections is nearing completion. Coarse grain seeding also is making rapid progress. The Calgary district is in need of additional moisture, but other sections have sufficient for now and the prospects are exceedingly good. In all districts seeding and growth are ahead of last year.

Ship is Ashore In St. Lawrence

Quebec, May 25.—With a full cargo of bituminous coal from Sydney, N.S., the steamship Manchester Civilian, under charter to the Dominion Coal Company, is ashore at Point St. Roch, west of Pointe St. Roch. The vessel is taking water in No. 1 hold and, heavily laden as she is, immediate efforts will be made to refloat her. The wrecking tug Lord Strathcona, with a schooner in tow, has left for the scene.

Alaskan Citizen Killed in Fight

Anchorage, Alaska, May 25.—Advices received here said Adolph Smith, an Alaskan character of the early days, who operated a roadhouse between Kanatak and Pearl Dome, in the oilfields south of here, was killed Sunday night during an altercation with Tony Perich, a tractor driver, who was staying overnight at the roadhouse. Perich was held at Kanatak awaiting arrival of a deputy United States marshal from Kodiak, Alaska.

Von Elm is Beaten By Francis Ouimet

Muirfield, May 25.—Francis Ouimet of Boston, former United States amateur and open champion, eliminated George Von Elm of Los Angeles, his comrade on the Walker Cup team, by 3 and 2.

A new protein food made from beef serum, which has the characteristics of whites of eggs, has been developed by a scientist at the Massachusetts Institute of Technology.

STARTS FLIGHT TO TOKIO FROM PARIS; CAPT. G. D'OLIVY

Villacoublay, France, May 25.—Captain Georges d'Olivy, the French ace, took off this morning on the first lap of an aeroplane flight from Paris to Tokio. He will endeavor to get as far as possible on each leg of the journey when weather conditions are favorable. He is trying to reach Moscow by to-night.

Linen, a cloth made from the fibres of flax, has been known for thousands of years.

The man who thought a buggy was good enough

In the old days a solid, conservative citizen might sniff and tell you he didn't read advertising.

He didn't think so much of the horseless carriage, either. The telephone was new fangled and an insult to the mails.

As for radio, aeroplanes, wireless photography—if they had been born then he probably would have thought them a bit immoral.

But he's changed. He's been educated. His point of view has been made broader and more modern. He has been civilized—by the automobile, the telephone, radio, advertising.

Every single one has opened up new paths for him, taught him new things. Advertising, especially.

Advertising tells him the newest things to wear, the best things to eat. Advertising tells his wife how to make a home up-to-date and attractive. Advertising tells him the prices to pay for things he buys, saves him from the old fashioned ways of doing business—helps him live well, keeps him modern.

Advertising can help you. The advertisements in this newspaper are here to tell you many things that make life more comfortable, more interesting, happier. Read them faithfully. They'll keep you abreast of the times. They'll prevent you from becoming the type of old foggy—who—sniff!—doesn't read advertising.

Advertising is the key to modernity

He Has Earned His Leisure His income is assured

HE and his wife can look calmly out on the world. He is old and can work no longer but, he is independent—his income is assured.

How did he do it? He was fond of good things; he didn't live a miserly life. He couldn't save money in the ordinary way any more than the rest of us could, for only three men in a hundred are able to save enough money, unaided, to retire upon at sixty.

Long ago he did a wise thing. He called in one of our trained representatives who helped him to systematize his spending and showed him

how a few dollars deposited each year with The Imperial Life would give him independence in his old age, and also provide for his family should he die prematurely.

He has earned his leisure—his income is assured. Will this describe YOUR future? Why shouldn't it?

May we tell you about the income you can insure for yourself twenty or thirty years hence, by making small deposits now—when you have the money?

Send the coupon today—tomorrow you may be uninsurable.

Forty Deaths in Philippine Fight

Manila, May 25.—Official advices from the Linao district say 200 constabulary troops engaged a band of Moro outlaws, demolishing two forts and killing and wounding a number

of Moros. Two constabulary soldiers were killed and eight wounded. Colonel Luther A. Stevens, who led the constabulary, telegraphed that the exact number of Moros killed was uncertain, but private advices said the number was forty.

A rotating clipper has been devised for trimming hedges, plants and shrubs quickly and evenly.

CANDIDATE NOMINATED

Calgary, May 25.—Labor delegates of the Rocky Mountain constituency renominated F. M. Christophers, sitting member, as candidate for the Alberta Legislature. No other name was mentioned. The riding includes all the Pass coal mine camps and Camrose mining district, Banff and Lake Louise.

FREE CONCERTS FOR STRIKERS IN WALES

Many Movie Houses Forced to Close Since Coal Miners Became Idle

Perth, Wales, May 25.—A dearth of customers has closed down many movie houses in the small towns of South Wales, but there are plenty of free concerts to while away the coal strikers' hours.

Signs announcing the concerts are all along the big and little Rhonda valleys and in many towns many miners and their families wait in front of the union halls for an evening of song to begin.

The Salvation Army is opening soup kitchens in many towns to augment the number provided by the unions and by the individual villages for the benefit of school children.

Perth is the junction of the big and little Rhonda valleys, which are the centres of distress resulting from the coal strike. In this district 15,000 coal miners and their families live in villages that extend up the valleys like a chain.

Usually the air is thick with coal dust, but now it is clean. No smoke arises from the chimneys which bristle in long rows barely twenty-five feet apart. Very little cooking is being done in the miners' cottages these days.

At Mardy a correspondent of the Associated Press entered one house where the rotten floor boards sank like ooze under the feet, that town fifty per cent of the miners have been unemployed for a year, and when the strike was called 800 of 1,100 workmen were on unemployment doles. Three or four pits were closed in Mardy a year ago.

VETERANS ADDRESSED BY EARL OF MEATH

London, May 25 (Canadian Press Cable).—The British Empire is the true league of nations and next to the Christian church, the greatest power for good in the world, the Earl of Meath declared at a conference of the British Legion here yesterday.

He urged those at the conference, who represented more than 100,000 veterans of the Great War, to purchase home and Empire products and in that way help to diminish unemployment and poverty.

The Earl, who founded the celebration of Empire Day, was given an impressive ovation by the Legion members.

Considerable feeling was expressed during a business session of the conference when a resolution was offered protesting against the action of the Legion headquarters in issuing a statement to the Premier during the recent general strike calling on all war veterans to offer their services for the preservation of law and order. The resolution was defeated amidst cheers.

Another resolution urging the International Federation of Ex-service Men to convene a meeting with war veteran organizations and former enemy nations was passed by the conference.

Much Married Swindler is Put Under Arrest

St. Louis, May 25.—"Lord Beaverbrook," alleged international swindler now under arrest in Philadelphia, skipped a \$10,000 bond here after his arrest at the Union Station last October 12 with Mrs. Margaret Hoffmann, pretty wife of a Chicago fur dealer, whom he had lured away by promising her a career in the movies.

When word spread that the man, known to Mrs. Hoffman as John A. Widener, was under arrest here, four other women came forward to tell how he had married and swindled them. These were Miss Esther Walter of Chicago, Mrs. Martin Beaverbrook of Washington, Miss Rose Hurken of New York, and Miss Carrie Kynan, of St. Louis.

A sixth woman to complain was Miss Ada Frank of Detroit.

Subsequently Mrs. Beaverbrook had conducted an inquiry of her own and located "him" with at least, and it was her conclusion that "he must have married fifty."

Police records disclose that Widener's real name is Carl Edwards, alias Dr. Carl Edwards, alias Lord Beaverbrook and a half-dozen other names. He has served time in Sing Sing and has operated in England, France, Belgium and the United States.

His invariable policy with women was to woo and win them, take their money or their jewels and leave them.

TWO YOUTHS DROWNED

Portage La Prairie, Man., May 25.—Thomas Allan, eighteen, and Frank Cass, fourteen, were drowned here yesterday when their boat capsized on Crescent Lake. Both bodies were recovered.

B.A. PAINT COMPANY, FIRST, COMMERCIAL

SCOTT BROTHERS IN CHICAGO JAIL

Russell Fights to Escape Execution; Robert to be Tried on Murder Charge

Chicago, May 25.—For the first time in more than two years, two brothers, one of whom has been saved from the gallows for murder three times and the other facing trial for the same murder, are under the same roof. Their shelter is the Cook County jail here.

Russell Scott, once a Canadian financier who turned petty thief, came back last night to the gray-walled structure in which he three times prepared to meet death. He was brought here from the Chester Insane Asylum in the fourth move of the law to send him to the gallows.

Scott, manacled and accompanied by several guards, was met here by a delegation of detectives all heavily armed and rushed to the county building for questioning by the state attorney before removal to the county jail.

BRIBE STORY

He showed little interest in the possibility that he might mount the gallows to expiate his crime, but seemed vitally interested in a story his wife, Mrs. Catherine Scott, had told to the effect that she had been informed Russell would be allowed to escape from the asylum for \$5,000.

Mrs. Scott, who fought valiantly to save her husband from death, told the state attorney's office she did not have the money for the bribe.

It was said both Scott and his wife might be asked to tell this story to the special grand jury investigating crime here, and which also is delving into the insurance of pardons and paroles for money.

Chauncey Jenkins, director of the state department of public welfare, branded Mrs. Scott's story as ridiculous.

"Facts will speak for themselves," he said.

Mr. Jenkins said he had known Scott was trying to escape from the Chester hospital. This had been proved, he said, by two saws found in a package addressed to Scott.

FOUND IN CALIFORNIA

In the jail to-day, too, was Robert Scott, a brother, on whom Russell placed the blame at the time of his trial for killing a clerk in a drug-store holdup in April, 1924. Robert was found a few months ago in a California prison, serving a sentence for robbery under another name.

Russell Scott, once saved from the gallows by a reprieve, then granted another stay on a fake telegram signed with his brother's name and shouldering blame for the murder on the eve of his execution, was finally found insane after a sanity hearing had been requested a few hours before the hour set for the execution.

Last week three alienists examined him at Chester and decided he had since become sane, in which case the death penalty can be carried out.

William Scott Stewart, the attorney who saved Russell from the gallows through the sanity test and who is also the attorney for Robert, refused to reveal his plans for Russell's defence, but intimated he would attack the legality of the finding of the three alienists who decided Scott was sane and probably would ask for a jury to determine this question.

School Teacher Killed by Bear

Prince Rupert, May 25.—The body of Miss Chisholm, school teacher at Fort Eslington, south of here, at the mouth of the Skeena River, was found yesterday a short distance off a trail in the woods just opposite the town.

Miss Chisholm was last seen Sunday morning when she left her boarding house saying she was going to pick wild flowers and would return in time for church. When she failed to appear a search was instituted and continued all afternoon and night.

The girl's head had been fractured by a blow from behind and the body was badly lacerated.

One theory of the cause of her death is that she was attacked by a bear.

RUM-MEN FILE NO RECORDS OF SALES

U.S. Court Says Government Lacks Power to Order Lists From Bootleggers

Washington, May 25.—Prohibition enforcement officials' hopes of busting prosecutions on bootleggers' records of sales to customers have been set back by a ruling of the Supreme Court of the United States that bootleggers are not required to furnish the government with sales records.

In deciding two cases from Pennsylvania, the court, in a ruling read by Justice Stone yesterday, held that the whisky sales records required by the prohibition enforcement act applied only to those persons holding government permits to sell intoxicating liquors. The ruling was in the cases of Jacob S. Katz, George S. Egan and Herman Feinstein, and it denied the right of the government to prosecute bootleggers and their customers for failure to provide lists of illegal transactions.

Action of the trial court in quashing indictments against the men charging conspiracy to violate the law in the sale of whisky for the Stewart Distilling Company without making a permanent record was sustained by the decision.

That the Supreme Court is having difficulty in unravelling the many cases coming to it as a result of the prohibition law was indicated yesterday when it ordered reargued two cases involving the right of the government to confiscate automobiles being purchased on the deferred payment plan and used in the illegal transportation of liquor.

In one of these cases, which came from Alabama, against the Garm Motor Company, the Government lost, and in the other, from the State of Washington, against the Fort Gardner Investment Company, it won.

Chief Justice Taft, in announcing the order of the court for reargument next October, gave no explanation of the action, but it was assumed a perplexing legal point had been encountered.

Negotiations Resumed

London, May 25.—Negotiations for the sale of the White Star Line by the International Mercantile Marine to a British syndicate, which were interrupted by the recent general strike in Great Britain, were resumed to-day. It is expected in shipping circles the sale would be completed before the end of June.

FINE COPY OF OLD MASTER ON VIEW

Considerable attention has been aroused by the exhibition in the window of H. Currie, antique dealer, of a very fine copy of Leonardo da Vinci's great masterpiece, "The Last Supper." This fine painting is the property of Mrs. I. W. Powell, and its history is an interesting one. The original is one of the three great masterpieces in the world; Raphael's Sistine Madonna and Michael Angelo's "The Last Judgment" being the others. The original painting by Leonardo da Vinci is a fresco on the old monastery wall of the refectory of Santa Maria delle Grazie, painted in the fourteenth century, and occupied his principal time. It was then exhibited for criticism beside Raphael's production and has since retained its place of distinction in the great world of art.

The copyist of the original was Giovanni Grinacchi of Milan, who lived in the great master's house in 1490. The Italian Government at the time this picture was purchased kept a very jealous eye over the copies and the Victorian who bought it for \$5,000 had to furnish two sureties for his standing in this community before he was allowed to acquire it, even after purchase.

Showgirl Swears Carroll Theatre Bathtub Story True

New York, May 25—Joyce Hawley testified to-day during the trial of Earl Carroll, theatrical producer, on a charge of perjury, that she not only occupied a bathtub on the stage of the Earl Carroll Theatre, but that she was drunk when she got into it from liquor served her in the theatre.

She also testified she had been offered \$250 by an associate of Carroll if she would appear before the grand jury and say no champagne or wine had been served at the party. The charge of perjury against Carroll is based on statements he made to the grand jury that no liquor had been served at the midnight party and that no one had got in, fallen in or been pushed into a bathtub. Numerous witnesses since the trial started, several of them newspapermen, have testified that Miss Hawley sat in the tub without clothing and served drinks from the liquor in which she was immersed. Carroll himself had helped her in and announced the "line forms on this side."

It has been testified permission was asked to use the incident in a new story and that Carroll told the managing editor of The Daily Mirror to "go as far as you like." Later Carroll denied the newspaper story when questioned told the editor he had made the denial because "the story is getting me into trouble."

FIRST WEDDINGS FIX FASHIONS FOR JUNE BRIDES-TO-BE

No Procession of Maids Marks Nuptials of Mrs. J. Napoleon Bonaparte's Daughter

Society Turns Out in Formal Dress For Church Ceremonies, Now Less Austere

By BETSY SCHUYLER

New York, May 25.—The coming month of marriages was fittingly ushered in, and the spotlight shone on the nuptials of Miss Bonaparte and Julian Sloan.

Young Mrs. Sloan is the daughter of Mrs. Jerome Napoleon Bonaparte, a woman whose reputation for clothes and distinguished entertainment is well established.

It was expected that the marriage of her daughter would be important socially as well as socially, and it was.

Instead of the usual procession of maids, Miss Sloan had only one attendant, her twin sister, Barbara. Both were in white. The bride neglected none of the traditional trappings of her role. A rope of perfectly matched pearls was wound several times about her throat, and she wore two veils, one of tulle and the other of priceless old rose point.

The gown itself was a wide border of white satin with a full bouffant skirt in which a panel of lace was introduced in the front, outlined on each side by pleated satin.

Her sleeves departed from the traditional long sheath and were more caps of lace, edged with pleating.

Barbara Streblich was lovely in white tulle with a wide border of lace on which a panel of lace was introduced, and a large green hat with a veil of green velvet ribbon. She carried an unusual bouquet of white lilies and yellow daisies and maidenhair fern. I can't recommend this green and white combination too strongly.

I never saw Mrs. Bonaparte look more distinguished, and I must tell you about her hat. It was a large black felt affair with two sprays of white feathers posed at the back, with a pin of brilliant between. It has been quite some time since this type of hat has been seen here.

Her dress was charmingly simple—a grayish blue chiffon affair, with a white floating scarf, and a cleverly molded effect at the waistline, and two full circular flounces at the hem.

The large hat was a white evidence everywhere though I noticed some small ballbustle shapes with creased crowns, and the brims generally dropped and the crowns were much higher than those of last season.

I saw one perfectly enormous black hat of horsehair braid with a regular curtain of lace falling from either side, and a black rose on the upper brim.

This belting ribbon that has been so popular for small hats this Spring is used to make the crowns of very large hats, the brim being of some transparent material or horsehair braid.

Mrs. Bernard Baruch remained faithful to the model and wore a satin beret affair combined with black milan braid and an Arab's head ornament in front.

Except for the prevalence of the large hat, there were no striking new departures in gowns at the wedding. The chiffon frock made in semi-tailored and simple, easy lines and the tulle or lace wedding gown were seen in the greatest numbers.

Another bride of the week who had a brilliant wedding was Marian Gordon Tully, daughter of the former state senator, William John Tully. She married Reeve Hoover of Washington.

She was also a vision of the white and rose point, lilacs of the valley and orchids.

Her bridal dress of white satin was cut on the moyer ease line and had long lace sleeves. Her veil was held in place by a fitted cap of lace, and was low enough over her brows to be exceedingly becoming. I thought it was a more effective arrangement than that of Mrs. Sloan. Somehow, short hair and bridal veils present a problem. A boyish bob which represents such defiance to traditional femininity, and a wedding veil, which is the very essence of blushing maidenhood, are antagonistic indeed.

The church wedding is a much less austere spectacle than it used to be. Less weeping and much more laughter are the modern idea.

But it remains the one function where there are definite standards of correct dress. And at a society wedding at New York, you can always see an array of gowns and jewels as are rarely seen at any other function.

Winnipeg Nurse Leaves For Arctic Mission Hospital

Winnipeg, May 25.—Miss Minnie Hackett left yesterday for Atlatvik in the Mackenzie Delta, where she will be the first nurse in the new Church of England Hospital. She is a graduate of a local hospital, and many officials and members of the Winnipeg diocese were at the station to bid her farewell.

St. Martin's Guild—St. Martin's Guild, has a most successful five hundred party last week at the home of Mrs. Newbury, Gorge Road. The prize winners were as follows: First ladies, Mrs. Stewart; consolation, Mrs. Desley; first gents, Mrs. Sharples, playing gentleman; consolation, Mr. G. Blackburn. Special prizes donated by Mrs. Garnett for tea bid, won by Mrs. Cowper Newbury, and Mrs. Frank Morris, playing gentleman, Mrs. Norris winning a second prize.

VICTORIA A MAGNET TO THE WORLD SAYS SPENCER'S FLOAT

SOCIAL

Mr. Jack Long of Chemainus was a visitor in Victoria yesterday.

Miss Mollie Birch spent the weekend holiday in Vancouver as the guest of friends.

Mr. and Mrs. Arthur Urry, Bon Air Apartments, are spending a short holiday in Seattle.

Mr. and Mrs. R. D. Kenny of Vancouver are over and guests of friends here over the holiday season.

Mrs. Chas. Baxter, formerly of Oak Bay, has returned to the city and is visiting Mrs. A. S. Innes, Dallas Road.

Mrs. Duff and Miss Duff, Oxford Street, left to-day for Milton, Ontario, where they will spend the summer months.

Mr. Angus Campbell will leave on Thursday for Eastern Canada en route to England on his annual purchasing trip.

Mrs. C. L. Roberts, St. Andrew's Street, left last week for England, where she will visit with relatives for several months.

Mr. and Mrs. C. W. Bradshaw, Albany Road, spent the week-end at their summer cottage at Cordova Bay.

Mr. John Conkey of Vancouver spent the week-end at Shawnigan Lake as the guest of the Chief Justice and Mrs. Gordon Hunter.

Dr. and Mrs. D. E. H. Cleveland of Vancouver were visitors in Victoria yesterday and were the guests of Mr. and Mrs. Marlow Carter, Sylvan Lane.

Mr. W. N. Kennedy of Vancouver, spent the week-end in Victoria with Mrs. Kennedy, who has been visiting her mother, Mrs. Wilkerson, Yates Street.

Mrs. Corson and Miss Jean Corson of Fernie, who have been spending the last month in Victoria as the guests of friends, left to-day for their home in the Interior.

Mrs. F. Holmes, Dallas Avenue, will leave on Thursday for Vancouver en route to England, where she will spend a number of months as the guest of Capt. Holmes's mother in London.

Mrs. Selden Humphreys and Miss Dolia Dunsmuir left to-day for Seattle, where they will join Lady Kathleen Villiers and Mrs. C. C. Cator for a few days' visit.

Mrs. and Mr. R. H. Pooley, with the Misses Daphne and Phyllis Pooley.

SO NOW THE SEASON IS ON

The straw hat season is on at last! If you doubt it, look at Miss Myrtle parading with her four-foot hat, which weighs slightly over seven pounds.

GARDEN PARTY AT BUTCHART GARDENS

Mrs. R. P. Butchart, who is an honorary member of the Women's Canadian Club, has kindly placed the beautiful gardens at "Benvenuto" at the disposal of the club for a garden party on Wednesday, June 2. A delightful programme is being arranged, consisting principally of dances by the child pupils of Miss Lillian Michaels, in costume. Afternoon tea will be served. This garden party is open to members of the club and their friends.

Mrs. J. S. Fraser, St. Charles Street, accompanied by her family, is leaving early next week for England, where she will spend a year. Before returning to Victoria, Mrs. Fraser will visit on the continent.

Mrs. and Mrs. E. Brynion, of Vancouver, who have been visiting in Victoria as the guests of Mr. and Mrs. T. D. Roberts, Niagara Street, have returned to their home on the Mainland.

Miss Edith Hembroff, who has been attending the Berkeley School of Arts and Crafts, Berkeley, California, returned to Victoria yesterday to spend the summer holidays with her parents, Mr. and Mrs. W. C. Hembroff, Craigdarroch Road.

Mr. Stanley F. Blundell, who has been staying with his sister, Mrs. Peter H. Paterson for the last few months, left on a motoring trip to the Arrow Lakes. Mrs. Paterson and Miss Geraldine Paterson accompanied him.

Mr. and Mrs. C. P. Hill were hosts at a luncheon party on Sunday at their home, Hillhaven, Esquimalt Road, when their guests included His Honor the Lieutenant-Governor, Miss Mackenzie, General and Mrs. J. M. Ross, Mr. and Mrs. John R. Totten (New York), Dr. Stephens and Miss Alice McKinnon.

Mrs. Saults entertained this afternoon at the tea hour at the Empress Hotel in honor of her mother, Mrs. J. Gillis, on the occasion of her birthday. The guests included Mrs. Gillies, Mrs. C. W. Bradshaw, Mrs. J. L. Walker, Miss Elery, Mrs. E. Pennington, Mrs. J. R. McLaren, Mrs. Richardson of Shanghai, Mrs. Sinclair, Mrs. H. Currie, Mrs. C. Walker, Mrs. C. P. Kinney, Mrs. Mesheand and Mrs. Drummond-Hay.

Complimentary to Miss Catherine Fraser, who will leave for Europe next week, Miss Vivian Combe entertained at a supper party at her home on Verinder Avenue on Sunday evening. The guests included the Misses Catherine Fraser, Dilya Bennett, Mabel and Alice Cotton, Inez Ker, Phyllis Henderson, Kay Clay and the Messrs. Peter Grant, Rollo.

JUBILEE CLASS TO GRADUATE FRIDAY

Exercises to be Held at First Presbyterian Church

Members of the interested public are invited to attend the annual graduating exercises of the class of 1925 of the Provincial Jubilee Hospital, which is to be held in the First Presbyterian Church on Friday evening, commencing at 8 o'clock.

An attractive programme has been arranged in which addresses will be given by His Honor the Lieutenant-Governor, Premier Oliver, Mayor Pendray and Rev. Dr. W. G. Wilson, George McGregor, chairman of the Hospital Board, will present the diplomas, and Miss Jessie Mackenzie will confer the badges on the graduates.

S. J. Drake, chairman of the nurses' committee, will present the scholarships, Miss M. Morrison, Mrs. R. S. Day, Dr. A. G. Price and Dr. Hermann Robertson in believing that these graduates are not being properly digested.

All vegetables should be served so finely that there cannot possibly be large chunks showing in the stools. This is the first essential. Vegetables contain indigestible cellulose, this very property being responsible for their ability to stimulate bowel action. But babies have difficulty with this element and it is better to put all vegetables through a fine wire sieve so that the cellulose will be strained out. Just mashing a vegetable does not do this and so when mothers say, "I mash the baby's vegetable before giving it to him," they are under-

the impression that by mashing it they have made it easier for him to eat and digest. The first is true but not the second.

All strange foods, even orange juice, should be started in teaspoonful amounts. Never try to feed a child a regulation sized feeding of any new thing. Try a spoonful of cereal, or vegetable, one day. The next day try it again. By the third or fourth day one can give one or one-half teaspoonful at a feeding and so on, increasing cautiously until the child is eating sufficient of this particular food at a meal to nourish him, which in the case of either cereals or vegetables is usually about four or five tablespoonfuls for a baby of a year or more.

If the bowels show unusual activity when larger amounts are fed, stop the new food altogether for a day or so and then begin it again as carefully as one did the first time.

Very few foods will cause any real trouble if the mother observes these rules and does not rush into feeding a new food. Whenever a child is badly upset one can be almost sure that no such precautions have been taken.

YOUR BABY and MINE

By MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

START ALL NEW FOODS CAREFULLY

When a baby of seven months begins new foods it is possible that there may be some trouble. The following warnings are kept in mind.

New foods, especially vegetables and fruits, are laxative in tendency and if the child is given a full feeding of any vegetable, there is bound to be unusual bowel activity. Also carrots and spinach tend to show in the stool and this usually frightens the timid mother in believing that these vegetables are not being properly digested.

All vegetables should be served so finely that there cannot possibly be large chunks showing in the stools. This is the first essential. Vegetables contain indigestible cellulose, this very property being responsible for their ability to stimulate bowel action. But babies have difficulty with this element and it is better to put all vegetables through a fine wire sieve so that the cellulose will be strained out. Just mashing a vegetable does not do this and so when mothers say, "I mash the baby's vegetable before giving it to him," they are under-

the impression that by mashing it they have made it easier for him to eat and digest. The first is true but not the second.

All strange foods, even orange juice, should be started in teaspoonful amounts. Never try to feed a child a regulation sized feeding of any new thing. Try a spoonful of cereal, or vegetable, one day. The next day try it again. THOUSAND AT CITY TEMPLE'S BANQUET

Premier and Mayor Reply to Toasts at Annual Birthday Gathering

The second annual banquet of the Victoria City Temple drew about 1,200 guests to the Armories last evening, the guests including Premier Oliver, Mayor Pendray, Mrs. Pendray and Miss Pendray, Police Commissioner and Mrs. Stensland, Dr. Ernest Hall and R. H. Hayward, M.P.P.

The whole of the floor space was occupied with tables decorated with flowers, and the platform was massed with roses, snapdragons and broom in an artistic arrangement, representing the handiwork of Mrs. Grace Deaville and her fellow-members of the Business Ladies' Club, Mrs. B. Purpus, Mrs. Otto, Mrs. A. E. Humphries and Mrs. Mills had charge of the supper arrangements, and were assisted by about seventy energetic helpers.

At the conclusion of the banquet, C. B. Deaville, as toastmaster, proposed the toast of "The King," the guests all joining in the National Anthem.

Referring to the toast of "British Columbia," Premier Oliver said that there was no need for pessimism as to the future of "this wonderful Province," whose natural resources could not be equalled anywhere in the world. It was up to every man, woman and child to realize that he or she owed something to the country, urged the Premier. He referred also to the problem of forest fires, appealing to everyone to do his or her share in guarding against this menace to property and lives.

Mayor Pendray, replying to the toast of "Our City," spoke optimistically, stating that the city had recovered from its period of depression and was now enjoying prosperity and progress. The civic finances were in better condition than they had been for years.

An enthusiastic toast was proposed to the City Temple, Mr. W. T. Bridge responding. It was not the occasion for speaking of the ideals of this situation, said Mr. Bridge, but results showed that by co-operation, zeal and enthusiasm, success had crowned the work of the church and another even greater year was looked forward to.

Dr. Clem Davies responded to the toast of "Our Pastor" and was greeted with great applause.

The final toast to the "Church Auxiliaries" was responded to by Mr. Smith.

DANDRUFF GONE! BEAUTIFUL HAIR, THICK AND WAVY

Every Bit of Dandruff Disappears and Hair Stops Coming Out

"Danderine" Makes Your Hair Fluffy, Glossy and Beautiful

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff. One application dissolves every particle of dandruff; invigorates the scalp, stops itching and falling hair.

Furthermore Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow strong and beautiful.

Bubbled hair has made the girls aware of the dangerous effects of unsightly dandruff which is now more apparent than ever since the hair is short.

Danderine is a sure way to get rid of dandruff and immediately doubles the beauty of your hair. The effect is amazing—your hair will be light, fluffy, and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Danderine from any drug store or toilet counter for a few cents and keep that dandruff out of your hair and on your shoulders.

NEW RULES GOVERN ORIENTALS IN B.C. FISHING INDUSTRY

Government to Allow Fifty Per Cent Asiatics in the East Coast Herring Business; All Orientals Barred Elsewhere

New Canadian Government regulations governing the employment of Orientals in the great herring industry of Vancouver Island in the 1926-27 season were announced at the Provincial Department of Fisheries this morning after they had been received from the Department of Marine and Fisheries at Ottawa.

While the original plan of eliminating Orientals altogether from the herring industry elsewhere is being carried out, on the East Coast of the Island, owing to local conditions, the employment of fifty per cent of Oriental labor in any herring fishing operation will be permitted. In drysalting plants, however, only two executive officers may be Orientals. The remaining employees must be whites or native Indians.

In other parts of the Island Orientals must be eliminated from the herring industry entirely during the 1926-27 season, which will commence in the Fall.

First Ship Sails This Week For Nome

Seattle, May 25.—The freighter Odessa of the Alaska Steamship Company, which sails from Seattle today, will be the first vessel to go to Nome, Alaska, this year. The boat is to make stops at other Southwestern Alaska ports to discharge cargo. She also calls at ports on Norton Sound on her return trip. The passenger steamer Victoria follows the Odessa to Nome, leaving Seattle June 3.

Colonel W. J. Barden of the United States Engineers here, announced yesterday that vessels more than 125 feet long, 30 feet wide and 16 feet in draft will be unable to pass through the Lake Washington ship canal during the week beginning June 20, due to repairs to be made to the largest lock of two used.

The steamer West Inskip, which arrived here yesterday, is to be dry-docked immediately to have new cargo booms installed for use in discharging in South American ports.

NORTHERN PACIFIC ORDER NEW ENGINES

Charles Donnelly, president of the Northern Pacific Railway Company, announced that the Northern Pacific has ordered twelve new passenger locomotives to be built by the American Locomotive Company at a cost of approximately \$1,300,000, for handling the North Coast Limited and other transcontinental trains.

These passenger locomotives are of an entirely new type, having a wheel arrangement that has never been used before. They will be substantially larger and more powerful than any passenger locomotives ever operated in the Northwest. They were designed by the Northern Pacific and will be known as "Northern Pacific type." The conventional designation will be the 4-6-4 type, meaning that the locomotive has a four-wheel leading truck, eight driving wheels and four trailing wheels. Each locomotive will have a drawbar pull of 70,000 pounds and an especially large firebox and combustion chamber to burn the railway company's Montana sub-bituminous coal. The large firebox design made necessary a four-wheel leading truck, an entirely new departure in passenger locomotive design.

The locomotive tender will have six-wheel trucks and a capacity of twenty-four tons of coal and 15,000 gallons of water. The combined weight of locomotive and tender in working order will be 720,000 pounds. The weight on each pair of driving wheels will be 65,000 pounds. The length over all will be 104 feet, or about one-third the length of a city block. It is expected that the locomotives will be delivered this Summer.

PROCEEDINGS OPEN TO STOP SALE OF SHIPS TO DOLLAR

Northwestern Interests Commenced Arguments in U.S. Supreme Court To-day

Washington, May 25.—Oral argument was heard by the District of Columbia Supreme Court to-day in the proceedings brought by northwestern interests to stop the Shipping Board's sale of five Admiral-Orion liners to R. Stanley Dollar.

Frederick D. McKenney opened the argument for the plaintiffs, who include the Puget Sound Oriental Line and residents of Washington and Oregon. He charged the Dollar interests with favoring the board in the matter of changes in specifications relating to the sale. Shipping Board counsel, headed by G. G. Parker, took the position that the Dollar bid was properly accepted.

Mr. McKenney asked the court to direct the board to reopen the sale and take into consideration a bid of the Puget Sound Oriental Line to pay \$1,400,000 for the vessels—\$100,000 more than the Dollar offer.

The board took the position that due notice was given of changes in specifications and that the Dollar bid was the highest submitted. As it already had been accepted, its counsel held that the sale had been completed.

Counsel for the Admiral-Orion Line also filed an answer and counter-claim asserting that reopening of the transaction for new bidding would be unfair, unbusinesslike and contrary to sound morals.

SAN FRANCISCO SHIPPING

San Francisco, May 25.—Flying the Spreckles house flag for the last time the Oceanic liner Sierra is due here to-day for Australia with one of the largest passenger lists handled by an Oceanic steamer this season. The Oceanic fleet recently acquired the Matson Line, will not change its name under the new ownership, but will be repainted in "Matson colors and fly the Matson house flag.

The Panama-Pacific liner Manchuria arrived here yesterday from New York with a large list of passengers, 160 of which disembarked here.

The freighter West Wind, recently purchased from the Shipping Board by Sudden and Christensen, arrived here yesterday from the Atlantic Coast, consigned to the Quaker Line. The vessel will go into the regular service of Sudden and Christensen as soon as she discharges her present cargo.

The N.Y.K. liner Shinyo Maru is scheduled to sail to-day for the Orient by way of Honolulu. The liner will take out a large list of passengers and cargo of California products.

C.G.M.M. SHIPS MAY CARRY COAL

Ottawa, May 25.—The possibility of employing idle ships of the Canadian Government Merchant Marine to carry Canadian coal to industrial Ontario was explored in the Commons committee on coal supply today. Harry Aird, a Montreal coal importer, gave the committee figures and facts on the handling of coal through ocean, lake and river ports.

J. E. A. Armstrong, member for East Lambton, remarked there were a dozen vessels of the merchant marine not in use. Could these be used to bring coal from East and West to Ontario?

Mr. Aird said any of the ships referred to would draw their full capacity across the Great Lakes. On the canal, however, they would only draw about half their cargo capacity because of shallow water. Most of the idle boats, he thought, were of 2,500 to 3,000 ton cargo capacity and were single deck, bulk freight vessels, suitable for carrying coal.

Change in E. & N. schedule, effective Monday, May 24, the southbound train from Port Alberni to Victoria will leave there every Monday, Wednesday and Friday at 10 a.m., instead of every Tuesday, Thursday and Saturday, as at present. Secure a copy of the latest time table.

Whippets Bound Over Turf At Great Speed

Busy Bob Wins Event, Traveling Fifteen Yards a Second; Carley's Run of Victories in Grand National Halted When Munro Piloted Sir Edward Home in Front; Great Variety of Competition at the Gymkhana Yesterday

Fifteen yards a second! That's how fast the whippets were traveling at the Willows yesterday afternoon, and that's faster than anything on four legs has run around this town yet.

Busy Bob, who won the final event heat at the gymkhana, leaped over the 150-yard course so fast that it was all the eye could do to follow him.

This was the second time that whippet racing has been held in Victoria. Several years ago an enthusiastic promoter tried to put over whippet races at the handful of people now so yesterday it can be said that the new sport got its first send-off here. Close to 4,000 spectators watched the lean forms compete in the various heats and then the final.

Pound for pound the whippet is the fastest thing on legs. Sprinters like Harold Abrahams or Charley Faddock speed over eleven yards a second when they are running the 100 yards under ten seconds.

Whippet racing, which for a century has been a major sport in the mining districts of England and is now finding favor in Canada and the United States, is likely to find many followers in this city. The uncanny ability of the unguided dogs to run between the tapes and to exert every ounce of strength in their wiry frames to come from behind to win gives a person a great deal of pleasure.

While the whippets attracted most of the attention at the gymkhana yesterday they did not have the field to themselves by any means. The Victoria Grand National, a grueling race over two and one-half miles with many brush jumps, was another outstanding event, although it did not prove as close as anticipated.

STOOD THE PACE
As the "barrier" was sprung Sir Edward, owned by Ernie Eve and with Munro up, went to the front with a rush with Beguiler, Carley up, running easily in second place. It was felt that Sir Edward would burn himself out but he proved game for the full route. Beguiler challenged only once cutting down Sir Edward's lead in the back stretch on the first time around, but the Eve entry had the courage to come on, increase the lead and win as he pleased.

Sir Edward's victory brought to an end the string of wins scored by Don Carley. The Grand National was inaugurated three years ago and Carley's mount won every race until yesterday.

SERVICES PROMINENT
The Army and Navy, as usual, were very prominent in the programme and staged some spirited competitions. In the bayonet fighting, the first event on the programme, the Army triumphed after a very vigorous and splendid exhibition. The Navy won four out of the nine duels. The Army again triumphed in the tug-of-war, the Navy being out of luck against the scientific pull of the Tommies. The soldier school, the strain, lay in their heels until the blue-jackets were fagged from pulling in cramped positions and then won as they pleased.

The Navy scored one win over their brothers-in-arms, however, winning the relay race. The Navy sprinters gave their half-mile man a lead of about twenty feet, but Matthews, the last runner for the Garrison, cut this down at the start. A furlong from home Matthews started to sprint, but lost a shoe when fifty yards from the tape, fell in a cloud of dust and had to be carried away. The Navy won handily.

The gun drill competition between the Naval Barracks and H. M. C. S. Patricia resulted in a smart win for the former, who fired their three rounds, after changing all wheels putting their gun over the tape and performing other feats, many seconds ahead of their rivals. The exhibition of machine gun drill by No. 7 Company 11 Machine Gun Battalion of Vancouver, proved very interesting, as did the drill by the D.O.K.K. patrol of Vancouver.

HORSE RACES KEEN
The various horse races proved keenly contested and aroused the spectators as only the thudding hoofs can do.

The races between the school boys were well contested with the University School defeating Brentwood College in one event and St. Aidan's retaining possession of the British Service Squadron Shield in the special relay race. Monterey School was second.

The programme was run off in excellent style and all officials in charge are to be congratulated on the success which attended their efforts.

The results were as follows:
Bayonet fighting, won by the Army by five fights to four.

Farmers' and tradesmen's races; horses to be the property of residents of Victoria and district—1, King Tut, J. Short; 2, Foxglove, Mrs. D. B. Carey; 3, Jean, Otto Smith.

250 yards dash, open, boys of any age attending school—1, Moore, University School; 2, Skilling, University School; 3, Hamilton, Brentwood.

Boat and saddle race for boys—1, B. Jelous; 2, Dunlop; 3, McIntosh.

Ladies, three-eighths of a mile, flat, catchweights—1, Jerry, Miss Owen Price; 2, Gay Lad, Miss Dewdney; 3, Foxglove, Mrs. D. B. Carey.

Tug-of-war, won by the Army in two straight pulls.
Whippet race—1, Busy Bob; 2, Edna Drednought; 3, Sherbrooke Lad.

Special match race—Busy Bob beat Rodrick.
Steeplechase—1, Sir Edward, Mun-

Yankees Now Seven Full Games In Lead In American League

Won Thirteenth Straight Game Yesterday by Knocking Over Boston

Cleveland Running Second; St. Louis Come From Behind and Beat Cincinnati

New York, May 25.—Seven full games now separate the Yankees from their nearest American League rivals, the Cleveland Indians, and the winning streak of the Yankees has been extended to 13.

Perhaps the Yankees believe in unlucky numbers and perhaps not, but it is recorded that they need thirteen more before they will tie the modern record made by the New York Giants a decade ago. And—the Giants failed to win the pennant that season.

Yesterday's thirteenth victory was gained at the expense of the Boston Red Sox, four to two.

Cleveland failed to hold the pace, losing to the St. Louis Browns 8-6. Feltz, Mosler and Barrett hit home runs for the Chicago White Sox, who beat the Detroit Tigers 10-4.

The Chicago Cubs bunched hits to defeat Pittsburgh 3-1, making all their runs in the seventh.

Eleven runs in the last three innings gave the St. Louis Cardinals victory over Cincinnati after the battle appeared to be lost.

The Reds started the game with four runs and added two in the third but could not score thereafter. Lester Bell of the Cards added a homer to his list.

SCULLER'S NARROW ESCAPE
Vancouver, B.C., May 25.—Frank Adams, champion sculler of the Pacific Coast, lost a new single shell and had a narrow escape from drowning yesterday. While taking a training spin on Burrard Inlet in preparation for his race with A. L. Horstmeier of California, here in June, Adams' shell crashed against a derelict log and was smashed to bits. After freeing himself from the wreck, Adams reached shore only after a long and strenuous swim.

Pictorial Golf Instruction

By H. B. Martin
Reaching a Difficult Task for Amateurs

Reaching for the ball is a popular pastime with the pros, but a dangerous one for the amateur to try unless he plays a lot of golf and understands the idea thoroughly. The pro reaches for the ball because he wants the clubhead to come on to the ball from the inside of the line. This will usually cause a hook but the pro, knowing how to regulate the swing sends the ball straight down the middle of the course with just a slight swerve to the left of the line.

With one not so well acquainted with this method of driving the ball is apt to be misled entirely, as the tendency will be to overreach. The expert does not think of this at all as he never over reaches—merely letting the club take the natural course. There is an inclination of the body to fall forward with the swing. This makes up for the club being a little short in the address.

Two Americans Beaten In British Amateurs

Bob Gardner, Captain of Walker Cup Team, Eliminated by Dickson, of Glasgow; Mackenzie, of Washington, Falls Before Kyle, of Roehampton; Bobby Jones Beats Major Ormerod

Muirfield, May 25.—America's hopes for the British amateur golf championship received one setback this morning when Robert J. Gardner, captain of the Walker Cup team, was defeated 3 and 2 by H. M. Dickson, of Glasgow. Dickson was at the peak of his form and made the best of every opportunity.

Play started over sodden fairways and greens wet from an all-night rain.

Crowds gathered early along the first fairway to watch Bobby Jones' match against Major C. B. Ormerod of the Mid-Surrey Club. Jones won 3 and 2.

B. H. Bankard, of Chicago, was eliminated 4 and 3 by R. G. Henderson, of Gull Lanes, Scotland.

J. B. Ryerson, of Chicago, scratched.

Sir Ernest Holderness, former British Champion, beat Allan J. Graham, of the Royal Liverpool Club, 5 and 4.

Douglas Grant, of the Royal St. George's Club, defeated W. A. I. Oswell, of Addington, 4 and 3.

Lawrence M. Lloyd, of Greenwich, defeated W. McCallum one up.

Grant Peacock, of Garden City, N.Y., defeated James Brook, of Preswick, St. Nicholas, 6 and 4.

D. H. Kyle, of Roehampton, defeated Roland Mackenzie, of Washington, D.C., by one hole.

Watts Gunter, of Atlanta, Ga., defeated F. S. Stone 2 up.

Jack Swetser, of New York, defeated George T. Renwick, of Northumberland, 3 and 2.

Roger Wethered, former champion, joined Cyril Tolley and Major C. O. Hazell, on the sidelines when he was defeated by Robert Scott Jr. 3 and 2.

Sons Win By Two Goals In Holiday Lacrosse Fixture

Final Score 4-2 in Intermediate Game at Athletic Park Yesterday

The Sons of Canada intermediate lacrosse team sent Sidney down to defeat 4-2 at the Royal Athletic Park last evening. A good crowd of fans witnessed the battle and both teams played well. Lack of roughness featured the game throughout. No penalties were handed out during the four quarters of play.

During the opening quarter play was very fast and both teams were eager for a score. Several openings were made but the goalies were right on hand and saved some fast shots.

After about six minutes of play in the second quarter Sidney took the lead when Lionel Crossley sagged the hem with a hot shot from close quarters. This was the only goal scored during this period.

Taylor received a pass at the start of the third session, went in and netted the ball putting the teams on even terms. Two minutes later Gillson repeated the trick giving the Sons a lead.

NICHOL GOT ONE
Nichol's goal six minutes after the final quarter had started was one of the best of the season. Three goals to the good at this time but a few minutes later Chapman accepted Godwin's pass and beat Crossley all the way. Bowcott of Sidney scored shortly after.

For the winners J. Taylor, Chapman, Nichol and Godwin played a good game, while Hill, Bowcott, Clanton and Lionel Crossley were the bright lights for Sidney. Alex. Smith and Steve Redgrave handled the game in fine style.

The goal summary follows:

First quarter—None.

Second quarter—L. Crossley, 6:50.

Third quarter—John Taylor, 3; Gillson, 2.

Fourth quarter—Nichol, 6:00; Chapman, 1:10; B. Bennett, 1:00.

The teams were:

Sons of Canada—Jones, Kennedy, Jack Taylor, Russell, Rickens, Shadd, Russell, Cann, Smith, Gillson, Macmurich, Plater, John Taylor, Godwin, Bryant, Nichol and Chapman.

Sidney—J. Crossley, S. Hill, B. Bowcott, D. Bowcott, H. Nunn, Gilman, Davis, Clanton, Anderson, Lind, L. Crossley, Mcgridge and St. Louis.

English Football Team Well Tested By Quebec Eleven

Touring Squad Had to Slog Out in Last Twenty-five Minutes to Win 5-3

Montreal, May 25.—The English all-star soccer team proved their merit in their first appearance in Canada, when, after only one day's rest from their 5,000-mile journey across the Atlantic they met and defeated a picked team from the Province of Quebec Football Association by 5-3 at Alexandria Park here yesterday.

Over 6,000 spectators watched the visitors give an excellent exhibition of the association code. Some of the flashes of brilliancy gave an indication of what the players will be capable of when they get their "land legs."

The game was filled with excellent soccer, the visitors giving a fine exhibition. Notwithstanding their status, however, they were at times worried by the Montreals, particularly in the first half. Despite the fact that the Englishmen scored their first point of the tour one minute from the opening of the game, the local eleven played with a firm determination to give as good as they got.

Tunstall scored the first goal for the visitors. Despite repeated onslaughts, the locals were unable to withstand a combined assault by their opponents and Jack placed in the second goal of the game. Jack again scored to put England up 3 to 0. Shortly before half-time the Montreals were rewarded for their sturdy stand when Ballie beat Ballie with a low curving ball.

EQUALIZED SCORE
The resumption of the game saw the locals playing with the wind at their backs. Marshall, securing from Ballie on a fine combination play, scored the second goal for the home team. The locals bombarded the English goal, attempting to equalize the score, and Westwater scored on a rebound.

With twenty-five minutes to play the English team once more came to life and Rawlings scored a brilliant goal from a good centre by Tunstall. With one minute to go, Jack again scored for the visitors.

The teams lined up as follows: England—Swell, Barkas and Chifford; Magee, Waugh and Harcus; Jack, Green, Westwater, Marshall and Ballie.

Montreal—Langlands; Barnes and Houston; Miller, Bell and McKean; Jack, Green, Westwater, Marshall and Ballie.

Sitting Bull was one of the first to give the police any trouble on opening days and at prize fights.

CUMBERLAND LANDS COAST SOCCER TITLE; LADYSMITH LOSE

Vancouver, May 25.—Cumberland, lately nicknamed Canadian Collierie, have annexed the championship of the Coast soccer league. This was made certain when St. Xavier's defeated Ladysmith 8-3 at Jones Park on Monday morning.

Ladysmith had a chance to nose out the Cumberland aggregation when St. Xavier's defeated Ladysmith 8-3 at Jones Park on Monday morning.

Oxford Does Better In Second Knock And Score More Freely

Eight Thousand Spectators Watch Australians Put on 321 Runs in Innings

Oxford, Eng., May 25 (Canadian Press Cable).—The Australian cricket team defeated Oxford University by an innings and thirteen runs to-day. The scores were: Oxford University—First innings 131; second 177. Total 308. Australians—First innings 321.

Oxford, May 25.—The second day's play in the encounter between the touring Australian cricketers and Oxford University yesterday attracted a crowd of 8,000 who were treated to a beautiful exhibition in good weather. The Dark Blues gave a heroic demonstration of gameness in a battle against fearful odds, for, before the Australians had scored up the first innings they had bettered the Oxonians' initial turn at bat by 180 runs.

When play closed on Saturday the Dark Blues were all out for 131. The Australians went in and the wickets of Bardley, Woodfull and Ponsford had fallen at 96. Taylor and Andrews were at bat, the former standing at 30, and the latter at two not out. To-day they resumed the game.

For the visitors the resumption was unfortunate, for the Dark Blues sent in Greenstock, their left-handed Worcestershire bowler, and no sooner had Taylor added one run to his score of Saturday than he was caught by McCann's fast ball.

RUNS CAME EASILY
This, however, was the only piece of misfortune to befall the visitors, for thereafter the runs came easily. Ryder followed Taylor at bat and with Andrews he staged a brilliant run that was broken only when Ryder succumbed leg-before-wicket to Stephenson. The hard-driving Gregory followed, however, and runs came quickly.

As the day wore on when Andrews was retired by Serurier, off Taylor. Of the remainder, Grimmett was the only one to take full advantage of Oxford's feeble deliveries, running up the third best score of the Australian team before being dismissed. The Australians' innings ended at tea time.

With a deficit of 190 to make up, Oxford went in for their second innings, and, as in the first, they put themselves entirely on the defensive. The result was somewhat better than the previous day, however, although Serurier's record was not improved to any extent. Stewart-Brown, who had yielded to Richardson for seven on Saturday, was back in the morning and that was broken only when Ryder succumbed leg-before-wicket to Stephenson. The hard-driving Gregory followed, however, and runs came quickly.

Campbell's Homerun With Sacks Jammed Features Ball Game

Travelers Have Best of Slugging Bee and Defeat Port Angeles 19-10

Thousands Fans Got Great Kick Out of Heavy Hitting; Fielding Was Loose

In one of the hardest hitting battles seen at the Royal Athletic Park for some time the Commercial Travelers defeated Port Angeles yesterday by the score of 19-10. Close to a thousand holiday fans were in attendance.

No less than twenty-four hits were collected by the two clubs, including two homers, one circuit clout going to a player on each club.

Port Angeles started off on the right foot and in the first inning scored on runs, a hit and an error. In the second frame the visitors added another run when Shore lashed a long hit to the left field garden that went for a homer.

The Travelers caught the fans to their half of the inning on three two-base hits in a row by Minnie, C. Campbell and Fetherstone.

In the third inning things began to look and for the locals when Port Angeles scored four runs on three hits and two errors.

TRAVELERS SCORE SIX
Port Angeles went up in the air in the latter part of the third inning and before the first half cleared the Travelers had nicked Vincent for two hits, and these coupled with three errors and two passed balls gave the local nine six runs, making the score 3-6 in favor of the Travelers.

Vincent, who started for Port Angeles, retired in this inning in favor of Fackler, who had difficulty in locating the plate during the remainder of the game.

Colin Campbell, the Travelers' star third baseman, brought the fans to their feet in the fourth inning when, with the bases filled, he boosted one of Fackler's fast ones over the center field fence.

The Travelers brought their total up to sixteen runs in the fifth when, with the three bases occupied Roy Copas slammed out a double and then came home himself on a passed ball.

SMART FIELDING
Port Angeles added four more to their score in the seventh inning but their run was nipped by smart fielding on the part of the Travelers' infield.

Lefty Lewis, who chucked for the Travelers, was touched up for twelve hits, while the Travelers collected a like number off Vincent and Fackler.

The Box Score

HAGEN SAILS TO-NIGHT

New York, May 25.—Walter Hagen, United States professional golf champion, twice holder of the British open title and winner of the United States open event in 1918 sails for England to-night seeking his third British crown.

Hagen also will meet Abe Mitchell, veteran Britisher, in seventy-two holes of match play for which the purse is \$1,000, and will participate with a team of United States professionals against a combination of British experts.

Her Table Linen is Her Pride

Its snowy whiteness must be preserved. Therefore every time she washes it she puts Reckitt's Blue in the rinsing water. It makes all the difference between having the linen just clean and having it really white and attractive.

Eagles Will Tangle With Travelers In League Ball Fixture

Feathered Tribe Will Make
Third Attempt For Victory
at Royal To-night

The Eagles will make their third try for victory in the senior amateur baseball league this evening when they stack up against the Travelers at the Royal Athletic Park.

So far the feathered tribe have failed to pull off a win. They have lost to both the Sons and Travelers once and find themselves in the cellar position. With a considerably bolstered team through the signing on of four new players they stand a good chance of putting it over to-night. Hap Gandy will play third and he is considered one of the best third-batters in the league. Cal Richardson, another infielder, is also a valuable addition, as are Jock Stewart and Bert Nex. Stewart is a pitcher with lots of stuff and will greatly strengthen the twirling staff of the tribe.

The stock of the Travelers was considerably boosted by their showing against Port Angeles yesterday. After hammering the Ports for enough hits to gather nineteen runs, they feel confident that they can do something of that nature to the Eagles' pitcher. Jack Noble, Colin Campbell and Bill More have started the season like Babe Ruths, each having hit a home run.

No definite announcement had been made as to the batteries for to-night's game but Ross will probably don the pads and mask for the Eagles, while Bowden will handle the Travelers' pitcher's curves. The game commences at 6.15 o'clock, with Allie McGregor as umpire.

Mixed Foursomes At Oak Bay Find Two Couples Tied

Harold Haynes and Miss Say-
ward and Dr. and Mrs.
Adams Have 74 Each

Twenty-eight couples participated in the mixed foursomes held at the Victoria Golf Club yesterday. Half the combined handicap was allowed and resulted in Harold Haynes and Miss Sayward, with a handicap of nine, tying with Dr. and Mrs. H. J. Adams, handicap 24. The net scores of both couples was 74. Hew Paterson and Miss Godfrey were half a point behind the winners.

The results, with the gross score handicap and net score given in order, were as follows:

Harold Haynes and Miss Sayward—74.

Dr. and Mrs. H. J. Adams—88, 24.

Hew Paterson and Mrs. Godfrey—101, 23, 78.

J. D. Virtue and Miss C. M. Lovell—101, 23, 78.

Mr. and Mrs. Charles E. Wilson—101, 21, 79.

Mr. and Mrs. H. G. S. Heisterman—100, 21, 79.

W. P. D. Pemberton and Miss Pitts—95, 15, 92.

Dr. and Mrs. Douglas Hunter—102, 23, 79.

E. U. Reid and Miss Cross—105, 24, 80.

Mr. and Mrs. Atwell D. King—101, 19, 82.

Mr. and Mrs. A. T. Goward—99, 17, 82.

L. H. Hardie and Mrs. Philbrick—93, 10, 83.

Mr. and Mrs. L. C. Boyd—107, 24, 83.

C. P. W. Schwengers and Mrs. Parry—96, 11, 85.

J. S. Hargrave and Miss Robertson—101, 15, 85.

Mr. and Mrs. Clarke Gamble—107, 21, 86.

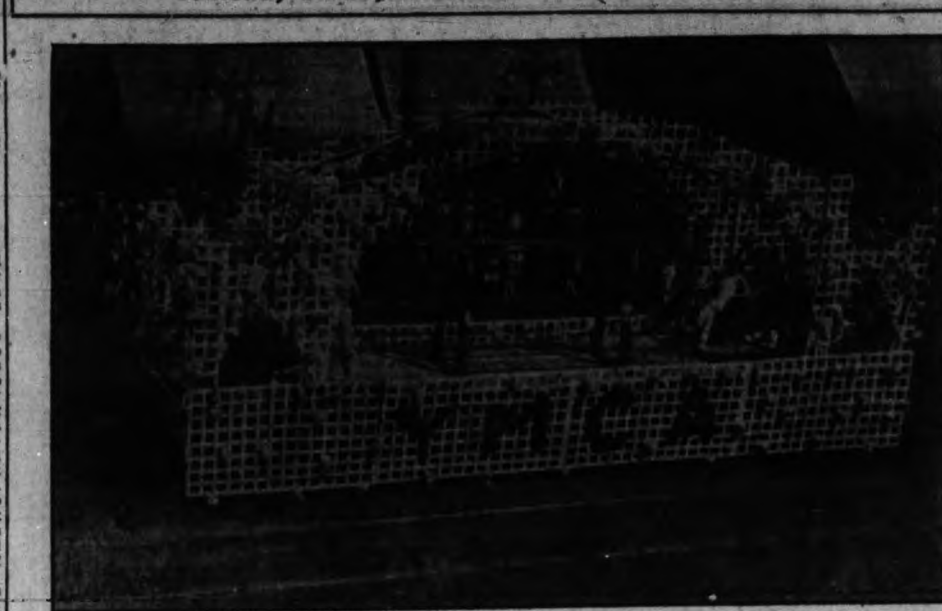

B. S. Heisterman and Mrs. Lennox—107, 19, 87.

Mr. W. J. Fowler and Miss G. Irving—119, 30, 89.

Mr. and Mrs. T. O. Mackay—114, 22, 92.

Dr. and Mrs. W. T. Barrett—117,
22, 94%.

Mr. and Mrs. L. deS. Duke—122,
27, 94%.

Lawn Bowling

Once again Vancouver bowlers were sent back home without a victory as a result of their encounter with the Victoria Lawn Bowling Club yesterday. For years past the mainlanders have come here for May 24 and they have always been beaten. Yesterday proved no exception to the rule and Victoria piled up a total of 234 points to Vancouver's 225.

The match proved very close and in the eight games played the mainlanders won five but in the grand aggregate Victoria was well ahead, due to the one-sided victory scores by the rink skipped by H. Renwick. This rink made 50 points to the Vancouver rink's 14.

Vancouver: A. G. Kidd, H. M. Streight, W. B. Biana, C. Moir, skip—24.

Victoria: F. R. Exham, H. Ferguson, D. H. Bryce, R. Dowdell, skip—22.

Vancouver: M. Henderson, A. H. Hislop, W. Kidd, G. Lawson, skip—24.

Victoria: S. C. Hawkins, J. M. Fraser, A. B. McNeill, H. M. Wright, skip—24.

Vancouver: J. McCreary, C. Whitehead, H. Walker, John Galt, skip—21.

Victoria: G. V. Greenhill, S. H. Braund, W. Barbour, W. MacKay, skip—23.

Vancouver: S. Crowe, A. Sharpe, J. McKay, Fred Tasker, skip—41.

Victoria: A. Marconini, Thos. Mayne, J. Paterson, E. G. Sherwood, skip—23.

Vancouver: W. Davy, D. Seaton, D. Dewar, J. E. Baxter, skip—37.

Victoria: A. Macaulay, G. Gormeson, G. Blundell, T. Cashmore, skip—23.

Vancouver: D. W. Morgan, Rev. J. Robson, W. M. Cullen, D. Brown, skip—39.

Victoria: D. Breckenridge, A. J. Wilson, R. H. Tutill, J. Munro, skip—25.

Vancouver: F. Hardie, W. R. Barwick, J. M. Holmes, J. V. Maydale, skip—14.

Victoria: A. McKeachie, C. Collinge, Thos. Renfrew, H. Renwick, skip—50.

Vancouver: W. Partridge, W. Taylor, W. Scott, P. Watt, skip—24.

Victoria: R. W. Kerr, W. H. Cullen, A. H. Parker, Thos. McCosh, skip—24.

Victoria, 234; Vancouver, 225.

The Burnside Lawn Bowling Club entertained three rinks from Duncan yesterday and won by 67 points to 50.

The morning was spent in a friendly game, while the main match was staged after lunch, when three rinks were occupied. On two of the rinks Burnside proved the winners, but on the third rink Duncan carried away the honors, the total score, however, being in favor of the local club. The scores were as follows:

HELPFUL HINTS BY GOLFING STARS

By Special Arrangement With
Golfers' Magazine, Chicago

FRANCIS QUIMET—FORWARD SWING

Allow the club to be taken back slowly, and then, when at the top of the swing, start it back with a throw of the right wrist. The left will follow closely after, and will not only guide the club but give added power and speed to the downward swing.

This speed will increase until at the time of impact the club-head will be traveling at a terrific rate of speed. A fault which very often exists is that of starting the club down with the left hand. Bad slices are the result, because it prevents the right hand from doing its full share of the work and also has a tendency to ward making the golfer cut across the ball.

After the ball has been hit, allow both hands to reach out as far as possible before the wrists break for the final time.

I always try to shoot my hands out as far as possible and figure that by doing so I must pay strict attention to my right hand. The palm of the right hand should be

up and not over, because if it should be rolled over, a bad pull is apt to result.

Never let the hands turn over until the ball is hit.

(Copyright, 1925.)

It has been estimated that all the known diamonds in the world at present have a value of \$5,000,000,000. The value of all the gold accumulated in the world is estimated at \$3,000,000,000.

Livelier Action— Longer Life! for your FORD

YOU can get smooth, powerful, trouble-free operation from your good Ford motor and add care-free years to its life by using Marvelube "F", the new process Ford motor oil that successfully combats carbon.

Used regularly in your Ford engine, Marvelube "F" protects you against the annoyance and expense of engine knocks, transmission chatter, draggy clutch action and worn-out bearings. It "seals in" the power and endows your car with new life.

Marvelube "F", specially made from a selected grade of Peruvian Crude Oil by the new Marvelube Process, is a light-bodied, free-flowing oil.

It cannot form destructive carbon deposits, because it is refined by the Marvelube Process. In its ability to hold its body and retain its lubricating value under high engine temperatures, and remain fluid

without stiffening at low temperatures, Marvelube "F" has proved itself superior to all other oils.

Marvelube "F" ushers in a new era in Ford motor lubrication. It sets new standards in all the qualities by which Ford lubricating oils are judged. It is the only lubricating oil of its kind and it cannot be duplicated by any other oil company because Imperial Oil Limited controls Peruvian Crude Oil and is sole owner and operator of the new Marvelube Process which has been developed after four years of research in our laboratory at Sarnia.

Today—drain your crank case and fill with Marvelube "F." You will enjoy new satisfaction from your Ford's performance, reduce its up-keep cost and preserve its re-sale value.

Marvelube "F" is on sale at all Imperial Oil stations and by good dealers everywhere. The standard retail price of Marvelube from bulk is 40c. per quart.

FOR GIRLS WHO WORK

Lydia E. Pinkham's Vegetable Compound Is a Great Friend—It Stops Pain and Restores Health

Toronto, Ontario. — "I work in a factory and I would have to get away from my work every time I was sick. The dragging-down pains and cramps were very bad, but my back was terrible. It hurt so that I couldn't lie down with it. I heard some of the girls talking about Lydia E. Pinkham's Vegetable Compound, and they told me to try it. I have taken about a dozen bottles of it and it has done me a lot of good. I never have any pains or sore back now, and have not been off from work a day since I have taken it. I recommend the Vegetable Compound when I have the opportunity." — Miss ROLLO, 21 Howie Avenue, Toronto, Ontario.

"The Advice of a Friend"
Hanover, Ontario. — "I was terribly pained, and a few odd times I almost fainted. I used to do housework until a few months ago and sometimes I had to leave my work and go to bed. I am now a member in the knitting-mill. I suffered five or six years from painful periods before I took Lydia E. Pinkham's Vegetable Compound by the advice of a friend. I got relief almost immediately, and I tell my friends what a good medicine it is. You may use this testimonial if you like, if it will help others." — Miss J. PEARSON, Victoria Street, Hanover, Ontario.

Indians of California made a musical instrument out of a string of acorns, tuned according to size, and played by causing one acorn at a time to vibrate against the teeth.

FARMERS LOCKED IN BATTLE WITH INSECT LEGIONS

Interior Men Making Headway in Fight to Save Rich Okanagan Crops

Farmers of the rich Okanagan Valley are locked in a supreme struggle with their great Summer enemy, the grasshopper and his even worse second cousin, the Rocky Mountain locust.

Reports received at the Department of Agriculture here indicate that this year the farmers are winning out. Profiting by the experience of past years, the Okanagan people are handling insect poison in much more effective fashion than ever before. As a result, billions of hoppers and locusts will gorge themselves on poisoned grain while they are still young and foolish. Most of them will never reach the flying stage in which they sweep across the country devastating all vegetation in their path. Poison is being rushed to the battle front by the Department of Agriculture to be laid carefully in the districts infested by young insects. Here it is mixed with bran and placed temptingly in front of the unsuspecting hordes. The insects do the rest themselves.

GOVERNMENT MAKES NEW APPOINTMENTS

Provincial Government appointments, announced at the Parliament Buildings to-day, are as follows:

S. M. Norton, of Elko, to be a Justice of the Peace.
Louis Clerly, of Westbridge, to be a Notary Public.
C. J. Whittaker, of Chilliwack, to be a Registrar.
J. A. Stewart, of Cranbrook, to be acting issuer of Marriage Licenses.
Roy Jacobson, of Trout Lake, to be an issuer of Marriage Licenses.
Edward Farfar, of Hudson's Hope, to be a Registrar under the Marriage Act.
J. P. Tannock, to be Deputy Government Agent at Prince Rupert.

FIRST FOR CLUBS, ORDER KNIGHTS OF KHORASSAN

POSTURE AND HEALTH

BY DR. HUGH S. CUMMING

POSTURE may be defined as the position of the several parts of the body in relation to each other and refers to the bearing or carriage of a person in sitting, standing and walking.

Posture contributes substantially to the general appearance and is dependent on the state of the health, the type of the physique or build, the tone of the muscles and state of the mind.

By the tone of the muscles is meant their ability to easily and quickly contract and relax. That the state of the mind has an important bearing on posture may be observed in the dejected appearance of a person who is depressed as contrasted with the buoyant appearance of one who is elated.

The emotions particularly influence posture, as witnesses the slinking posture of fear and the erect posture of courage or defiance.

DOUBLE REACTION
Now, if one's physical and mental state reacts on his posture, it is not unreasonable to suppose that his

posture will react on his physical and mental state.

This is widely recognized as witness such expressions as "brace up" and "head high," which are admonitions to come out of a depressed or fearful state. The erect military posture is intended to instill confidence and banish fear.

There have been many styles or fashions in the posture of women and these have not always been conducive to health. Wrong styles in posture have undoubtedly caused many misplaced positions and disordered functions of the organs of the body.

Woman's posture is often influenced by her dress. A very marked example of the pernicious influence of dress on posture, and, particularly, on health, is the average woman's shoe.

Fortunately for men there has only been one style of posture—the erect—which is the correct one.

In correct posture the various organs of the body are kept in their proper places and are given the proper space, neither too much nor too little. Correct posture insures

proper blood supply, enabling all parts of the body to properly perform their functions.

SHOULDERS BACK

The principal requisites of correct posture are that the shoulders shall be well back, the chin shall be held in and the muscles of the abdomen contracted; the chest should be held high but not so high that it makes breathing difficult.

In order to attain the full benefits of correct posture, training should begin in infancy. The child should receive proper nourishment to promote proper growth and development. It should wear clothing that does not restrict or deform.

It should lie on a firm mattress with no pillow or a very small one in order to prevent any possible deformity of the spine that may result from the sagging of the body when lying on soft mattresses and pillows.

Any defects of the limbs or eyes or any other part of the body should be corrected as early as possible. As the child begins to walk proper-fitting shoes and stockings are important in order not to deform the feet.

When the child begins to go to school, or before, the vision and the hearing should be tested, and, if found below normal, defects should be corrected, as such defects often cause faulty carriage of the head and may also produce many other more serious conditions.

The school seats should be of proper height and shape so as to comfortably fit the child and not deform his posture. Posture training should be given to the child in the schools.

In adults certain occupations tend to deform the posture. Such occupations are those of clerical workers, stenographers, garment makers and many others. Persons engaged in such occupations should be very careful of their posture, particularly when sitting at work.

The most common faults of the posture of adults are the relaxed and protruding abdominal walls, drooping forward of the shoulders and head with consequent sinking of the spine and abdominal tilting of the pelvis. The chief causes of abnormalities in our posture are our modern methods of living and working. We are apt to take too little general exercise.

FRONT MUSCLES

The ordinary work of our daily life is done by the muscles on the front part of our chest and these become stronger than those on the back of the chest.

This, together with our usual position of being bent forward in most of our daily tasks, tends to stretch the muscles on the back of the chest and shorten those on the front and thus cause our shoulders and head to droop forward from their natural erect position.

We are also prone to eat too much and this distends the abdomen and stretches the relaxed muscles of the abdominal walls, allowing the organs to sag.

Knowing the causes of bad posture, the remedy is plain. Increase the general strength of the muscles of the body by proper exercise. Balance the muscular tone by such exercises as will shorten and strengthen the stretched and weakened muscles on the back of the chest and will stretch the contracted muscles on the front of the chest.

One should constantly strive to maintain correct positions in standing, walking and sitting, so that after a time these become easy and natural. Wear clothing that does not restrict the body or impede natural movements. Correct any physical defects and take proper exercises for the attainment of good posture.

It is not possible in a brief article to describe suitable exercises that will develop and maintain a correct posture. For such exercises one may consult standard books or avail one's self of the instruction and facilities that may be found in any good gymnasium.

PHYSICAL EXAMINATION

In such a gymnasium there will be found a physician who will, by making a physical examination, tell you whether or not you are in a condition to exercise. He will also determine what kind and how much exercise you will require. This is exceedingly important because, if the wrong kind of exercise or too much exercise is taken, more harm than good may result.

For some people rest and not exercise is first needed. With the advice of a physician, and under the guidance of an expert, in physical training, exercises for the correction of posture have many beneficial results.

Faulty postures may be corrected, excessive fat removed, deficient

muscles may be built up and thin individuals may usually be brought to the proper weight.

Correct posture is a physical and a mental asset. Begin training in childhood and maintain a good posture throughout life.

SLOAN TO ADDRESS U.S. MINE EXPERTS AT SEATTLE PARLEY

Premier Back After Brief Spell of Simple Life; Barrow Goes to Interior

Hon. William Sloan, British Columbia Minister of Mines, left here yesterday to be the guest of Washington State mining experts at a convention in Seattle this week. He will be the feature speaker at one of the convention's sessions before returning to the Province.

To investigate farming conditions at first hand, Hon. E. D. Barrow, Minister of Agriculture, is making a tour of the Cariboo country now in company with leaders of the B. C. Stock Breeders' Association. He will go as far north as Quesnel, swinging west through the Chilcotin country.

Premier Oliver got back to his office this morning after living the simple life at his Delta farm over the week-end. Attorney-General Manson and Hon. T. D. Pattullo, Minister of Lands, also returned to their desks after inspecting the Powell River Pulp and Paper Company's big plant. Hon. W. H. Sutherland, Minister of Public Works, who went to Powell River, stayed on the mainland in order to inspect the new road which leads to Harrison Hot Springs.

INTERIOR RANCHERS FIND SHEEP BRING HANDSOME RETURNS

Ranchers of the broad ranges of interior British Columbia, where cattle have long reigned in unchallenged supremacy, are beginning to turn more and more to sheep, according to members of the sheep promotion committee of the Provincial De-

Internal and External Pains are promptly relieved by DR. THOMAS' ECLECTIC OIL

KAGA MARU IS EN ROUTE HERE FROM FAR EAST PORTS

Advice received this morning by A. H. Hebb, local agent, stated the N.Y.K. liner Kaga Maru, Capt. Wada, sailed from Yokohama on May 20 for Victoria and Seattle. The vessel is due to reach William Head on June 2. For Victoria the Kaga has five first-class and nine third-class passengers and about thirty tons of general cargo. For Seattle the steamship has eight first-class and twenty-one third-class passengers. The vessel has 155 tons of cargo for Vancouver including ten bales of raw silk.

partment of Agriculture, who returned here to-day after a lengthy interior tour.

Meeting ranchers at many points in the interior, the sheep experts discovered that experiments in sheep raising already are producing satisfactory results. A number of ranchers declared that they made proportionately more money out of their sheep operations than in the production of beef. The experts had no difficulty in convincing the settlers that a big future exists in British Columbia for sheep raising. Members of the committee addressed meetings of ranchers and settlers at many points in the southern interior and in the Cariboo, explaining the best methods of handling sheep to produce both wool and mutton.

That crying is hard work has been proved by a Danish physiologist who shows that the issue change in a crying baby is twice that of a sleeping one.

RUTH SCORES

Boston, May 25.—Babe Ruth hit his sixteenth home run of the season in the seventh inning to-day off Pitcher Zappner in the Yankee-Red Sox game. None were on bases.

CORNS

Lift Off—No Pain!

Doesn't hurt one bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers.

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot caluses, without soreness or irritation. (Adv.)

Men and Women are Transformed—

Their very natures seem to change

Now you'll like Bran!

ONLY those who have conquered constipation know the immense benefits which follow when the problem of faulty elimination is overcome.

The beneficial effects are tremendous—far and away beyond any expectation. Men and women become bright and happy and well.

Taken regularly, Post's Bran Flakes with Other Parts of Wheat helps to cause good body drainage because it sweeps out health-destroying body

poisons. These thin, crisp-toasted flakes are Nature's own laxative, sustaining as well as nourishing because other nourishing parts of the wheat are retained with the bran. Post's Bran Flakes is deliciously flavored—ready to eat right from the wax-wrapped package. Serve with milk or cream. At all grocers'. Start today. Eat Post's Bran Flakes regularly. Help Nature help you!

Send the coupon below and we will mail you a generous trial package of Post's Bran Flakes.

FINE WOODWORK!

GATES and Frames

AN old-fashioned fence and gate for a new fashioned house! Most of us like the feeling of privacy and security a good stout gate and a handsome fence impart.

Overgrown with vines and flowers they are more beautiful than ever after a few years, for the wood mellow with age and seems more the work of nature than of man.

Attractive doors and window frames, beautiful interior trims, staircases, built-in features for greater home convenience are installed by Lemon, Gonnason. Architects recommend the features Lemon, Gonnason instal in new and old homes.

The first cost is the last. The work is outstanding for its economy and permanence.

Thoroughly seasoned lumber of all kinds—fir, cedar, and spruce, also hardwoods.

CHILDREN CHIEF FEATURE IN MOST SPECTACULAR PARADE FOR MANY YEARS

(Continued from page 1)

From every vantage point on the long line of route it presented a beautiful spectacle, but nowhere was it more striking than as it moved off down the long Yates Street hill. The gay colors of the school children's costumes, the vivid tones of the floats were a moving kaleidoscope of brilliance against the fine old trees of the boulevard.

Leading the procession was the Chief Marshal J. T. Broden in his car, followed by a standard bearer. Then came the Boys' Naval Brigade Band playing stirring tunes, followed by a smart contingent of men from H.M.C.S. Patricia, and a group of embryo sailors—the Sea Cadets. The 16th Canadian Scottish Band with kilted a-swings were followed by a little group of old Naval Veterans, fine old men proudly wearing the medals denoting long service in the cause of Empire.

THE QUEEN'S FLOAT

With this appropriate introduction to the parade, came the city float bearing Queen Kathleen and her attendant princesses. Of snowy white relieved with pale blue decorations, four silver orbs at the corners denoted the royal nuptials, the coronation, and from her canopied throne, the Queen of the celebration smilingly bowed her acknowledgment of the salutation of the crowds. The Queen's float was escorted by a guard of honor from Work Point Barracks, and was followed by cars conveying the royal matrons, school trustees and other civic dignitaries.

Significant of the anniversary commemorated by May 24 was the dignified figure representing Queen Victoria who appropriately drove along in a buggy, wearing the quaint bonnet and ermine-edged cape of the Victorian period.

THE SCHOOLS' SECTION

The Juvenile Foresters' Band, smartly uniformed, in dark green, piped with scarlet, heralded the approach of what was undoubtedly the most delightful feature of the whole parade, the children of the public schools. First came the children of Beacon Hill School, representing little gardeners. Small girls in yellow frocks and green bonnets, reminiscent of "Mary Mary Quite Contrary, How Does Your Garden Grow?" carried baskets of flowers, while the little boys had donned overalls and sun-hats, and carried rakes and watering-cans to show that they took the business of gardening quite seriously.

Close on their heels were two realistic brown birds, who headed the approach of the group from the Kingston Street School. This included a living daisy chain, the little girls looking most flower-like in their frocks of white with green bodices and yellow hats, chains of tiny flowers linking them together. From the same school also came the clean-up brigade composed of small boys in overalls and carrying paint-brushes and other paraphernalia essential to this task. Another group of little girls, also from Kingston Street, were among the prettiest in

HUDSON'S BAY COMPANY, COMMERCIAL CLASS

the procession, their costumes representing the rainbow, with all its glory of prismatic hues carried out in their paper frocks and head-dresses.

THE FOUR SEASONS

Next came the children of the Margaret Jenkins School, strikingly costumed to represent the four seasons. Spring was suggested by a group of little tots in dainty yellow frocks with garlands of buttercups and daisies in their hair and on their dresses; then came little girls who interpreted Summer with frocks of palest, limpid green and trails of Summer flowers in their hair; Autumn with its russet tones, its glory of orange and yellow, was represented by a third group in frocks of Autumn coloring, with maple leaves here and there as it caught while falling to the earth. Girls in white frocks, with snowball decorations and close-fitting white hats adorned with a snowball, conveyed the real spirit of Winter in its icy garb.

As a note of relief from the costumes inspired by Nature in her varying moods, was the group from the St. James Douglas School representing pierrots and pierrettes. The boys wore pierrot suits of white with yellow hats and purple ruffles, while the girls were gay in pierrette frocks of purple and orange with purple hats and big neck-ruffs.

THE MAD HATTER'S PARTY

North Ward School also chose two distinctive themes for its share in the parade, a garland of roses and Alice in Wonderland. Red, yellow and pink roses were represented in the charming costumes of the girls, each wearing on her head a huge rosebud. The delightful fantasy of Alice in Wonderland gave scope for much ingenuity. The King and Queen of

Hearts were there, the Queen carrying the baby, Alice, of course, was present, together with the Mad Hatter, the March Hare, the Dodo, the Tortoise, the Frog, Who Would A-Wooling Go, and the other guests at the famous tea party, all looking just as if they had stepped from the pages of Lewis Carroll's fascinating story book.

RAINBOWS AND STARS

A pretty idea had been chosen by Quadra Street School, the girls wearing most striking rainbow frocks, while the boys represented a starry night, with suits of deep blue adorned with silver stars and moons and other ornaments of the firmament.

After so much color, the section from the Girls' Central School struck an effective and original note in their black and white pierrette suits, with black pompons to relieve the white suits, and stiff neck-ruffles of white. Following them came a beautiful group from the Victoria West School. Most realistic in their coloring and wonderfully made were the pink and red dahlia frocks and the water lilies of white with yellow centres, these little girls constituting one of the prettiest sections of the whole parade.

The Oaklands School chose a heterogeneous collection of quaint little housewives, all ready for work, most attractive glow-worms, a medley including Hiawatha in native dress, a Japanese costume, All Baba of fairy-tale fame, and last but by no means least, a rainbow, who might have had the pot of gold!

OLD DUTCH CLEANSERS

No one who saw the quaint black Dutch cleansers, which looked as though they had just stepped out of the Old Dutch Cleanser labels, would have credited them with being

boys, but they were. They were all pupils of the Boys' Central School, and the clatter of their wooden sabots on the pavement was one of the many picturesque features of the procession.

Sturdy girls from the Burnside School struck a responsive chord in the hearts of the Scottish men and women in the crowd of spectators along the route, their Scottish fishwife costumes, kerchiefs on their heads, and fish baskets on their backs, recalling the old song "Callie Herring." South Park School was represented by a colorful group of boys costumed as scarlet and white pierrots, and girls as Bohemian rhapsies with scarlet handkerchiefs around their heads and tambourines in their hands.

A SCHOOL GARDEN

George Jay School entered a big contingent. First came little girls as brown-eyed beauties, then roses of every hue, then dahlia and chrysanthemum shading from orange to yellow, and pansies in all their beauty of variegated coloring. This collection represented a school garden and it was most appropriate that each group should be introduced by a black butterfly with saucy wings. The boys of the school, exercising their ingenuity and at the same time their spirit of mischief, entered "the old covered wagon," letters on it denoting that it was "looking for Viceroy." Acting as escort to the wagon were Indian braves in war-paint, some on foot and others on steeds which cavorted indefatigably.

SCHOOL FLOATS

The three smaller schools were represented with decorated cars. Bank Street school entered a beautiful car of white, adorned with poppies, and conveying small girls dressed as poppies. Quana Primary School had a car beautifully decorated with purple wisteria and pale pink roses, with little human rosebuds peering from its trelliswork. Spring Riders, too, had a most effective float, filled with little child flowers representing a most attractive flowerstand. Striking a comic note was "Robert's Flapper Band," with boys dressed according to their conception of a modern flapper, and carrying such cryptic signs as "Roll 'em, carry" and "1927 Models."

HIGH SCHOOL COMPREHENSIVE

Last in the school section, but by no means least, was the comprehensive entry of the Victoria High School. French, science, history, the technical and commercial departments, were all represented by groups of boys and girls, a fine float being the central feature. On this float boys were shown at a lathe, representing the technical department, and working in the laboratory to denote the science, while an open book in a setting of flowers depicted nature study.

QUEEN OF BELLINGHAM

Following the section devoted to the local schools was the American Legion Band from Bellingham, heralding the Queen of the Bellingham Tulip Festival, who rode in a white car with her attendant princesses, all in their regal garb. The queen's car was followed by a smart body of youngsters, the Wolf Cubs of Port Angeles.

All the American participants in the parade received a very warm welcome and were heartily acclaimed along the whole line of route.

Dozens of children had entered the parade with their bicycles gaily decorated. Some of the bicycle exhibits were remarkably effective. Among them was one of the old high-wheelers of our grandfathers' days. Two kids rode in a little cart drawn by beautiful Russian wolf hounds.

The Toonerville trolley that meets all trains was also there, as large as life. The Uncle Bim and Chester of the Victoria Times comic supplement were seen aboard that blimp exhibited by Thomas Pimley.

Boys dressed as stone-age men and women were mounted on another of the comic floats. The "Wreck of Ages" represented by an old coach was very amusing.

This section also contained some remarkable comic animals, great elephants and a sky-scraper-necked giraffe.

The cougar which recently terrified Victoria was mounted on a cleverly-conceived float before which was a man in armor wielding a machine gun to protect the trephing citizens.

Among the other cars entered in the parade were trucks from W. L. Morgan & Company, coal merchants; Gray Sight-Seeing Line, the Roe Company; Smith & Sons, coal dealers; the Central Transfer Company; Gonzales Transfer, Swift Canadian Company, Redding's Grocery, White Service, "Chinoo," A. Southall & Son, Everfresh Bread and Stocker's Transfer.

The Sherrin's Band appeared in striking regalia of cream colored tunics, red cloaks and green trousers. They were led by a drum major resplendent in white bushy and carrying a huge silver baton.

Close behind came the band of the 112th Battalion C.S.C., leading thousands of school children, whose appearance was greeted with tumultuous applause from the crowded seats.

Interpersed in the battalions of children came a big band of comic

characters, advertising Victoria products, who amused the crowd with their antics. Their motto was "So's Your Old Man."

The Civil Servants' band, "The Thrifty-First Scot-Itch" created merriment with their comedy uniforms and antics.

AN ELECTRIC FLOAT

The first of the commercial floats was that of the B.C. Electric, representing a huge purple and gold barge in which were mounted little girls representing power, light, heat and travel in striking fashion. They were Miss Evelyn Locke, Ida McAllister, Marion Hall, Betty Hughes and Mrs. Magill.

The North Saanich Social Club was represented by a white and blue float carrying boys and girls of the district with a figure of Britannia and her well-known bull dog.

The Vancouver Police Pipe Band was close behind with the Vancouver official car containing Mayor Louis D. Taylor and officials.

The Knights of Pythias lodge, Vancouver Shriners, attired in their gay purple uniforms, impressed the crowd with their marching formations.

The Kiwanis Club's beautiful float was a mass of flowers in delicately shaded colors of red, yellow and orange, representing a high couch and displaying the club's motto, "We Build."

The L.O.L. and the L.O.B.A. had a float of blue and orange massed with flags and bunting around a figure of Britannia.

The Junior Red Cross float carried children immaculately dressed as red cross nurses.

The B.P.O.E. float carried a pair of magnificent elks, representing the worldwide Elk organization.

The Rotary Club float bore a group of girls with large yellow Rotary wheels and Miss Adam representing Britannia.

The Daughters and Maids of Enslaved mounted on their float a group of ladies dressed in college graduate gowns carrying Union Jacks.

The Fifth Regiment Band preceded the Y.M.C.A.'s first prize handsome float on which was mounted a miniature gymnasium with boys performing stunts on bars. The "Y" also had a float representing their Summer camps with a tent set in green woods.

The Y.W.C.A. float was a decorated automobile with ladies of the organization carrying their insignia.

REAL INDIANS

Then came the band of real Coast Indians dressed in their native costumes, uttering war whoops and dancing their native steps. Many squaws carried their papooses on their backs.

The Victoria Moose Band came next. Shelly's was represented by a miniature bread cart drawn by a Shetland pony.

The Bapco float, gay with bright colors, carried a huge revolving star covered with flowers and painted with the company's many points.

Camron Lumber Company had a cordwood plant representing the company's milling operations and also a cookhouse with lumber jacks eating in it.

The National Motor Company displayed a globe showing the world covered by Ford.

The Malkin's firm had a float of their spires in boxes.

Pimley and Ritchie's line of bicycles was represented by boys on bicycles bearing a large exhibit of sporting goods. It featured the motto, "It Pays to Play."

Ingle Plumbing and Heating Company's float carried a complete modern bathroom on it.

The Vancouver Island Milk Producers' Association exhibited a decorated truck.

The Hamsterley Farm organization had a trailer massed in greenery, representing its popular Elk Lake resort.

Mackay and Gillespie showed that coal was worth its weight in gold with a huge piece of gold mounted on a scale. The float was drawn by a gigantic white rooster.

Williams and Harle Limited had a float massed with dozens of barrels of its paints and varnishes.

The huge and magnificent float of David Spencer Limited showed a magnet drawing the world to Victoria. Seated on the front was the queen of the store on her throne.

while the bed of the float was a mass of beautiful lilies.

The Dramatic Order Knights of Khorassan had a float representing a desert scene in very life-like fashion. A life-size tiger, a camel and effectively, Arab sheiks carried out this illusion.

The Firestone float in purple and white carried six of the firm's tires. Central Creameries' float was a car hidden in greenery and studded in yellow flowers on which was mounted a life-size calf.

Gonzales Transfer Company's float was a mass of broom.

Swift-Canadian Company's float carried a number of pretty little girls in white costume.

Richard's Goat Dairy had a decorated truck featured with broom decorations followed by a giant white rooster.

Tires featured the distinctive float of the Western Tire station of T. Lumsden.

Masses of flowers and plants almost hid the beautiful creation exhibited by Savory's Limited.

This was followed by one of the new Stutz automobiles.

Then came a comic band of children followed by the Victoria Fire Department Band and four of the department's largest and finest trucks.

Playing the "Cock of the North" the Canadian Scottish Pipe Band marched behind the Fire Department.

The B.C. Boys' Company's first prize car was hidden in masses of real roses and ferns.

Many of the private decorated cars were gorgeous, among them being one which represented an enormous white swan-carrying children on its wings.

ARIZONA MARU IS BRINGING RECORD LIST FROM ORIENT

O.S.K. Liner Has Total of 168 Passengers on Board and 2,974 Tons of Cargo

With 168 passengers aboard the O.S.K. liner Arizona Maru, Capt. Yamaguchi is due to arrive at William Head quarantine station tomorrow night at 8 o'clock from the Far East. The vessel will berth at Rihet's Pier about 9:30 o'clock.

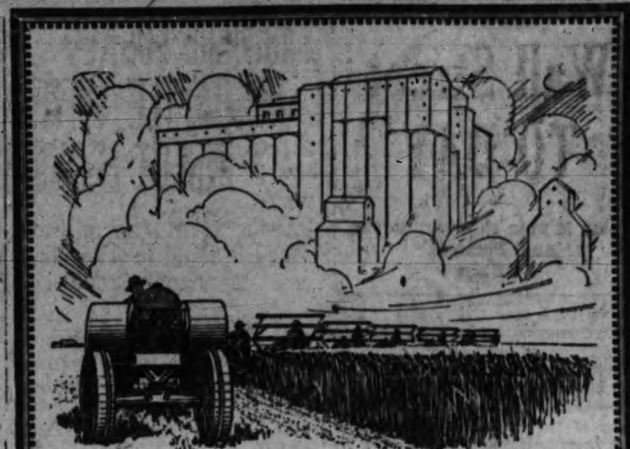

The Arizona is bringing twenty-nine more passengers than the Africa Maru on her last trip, when she established a record for the line. The passengers to disembark at Victoria for transshipment to Vancouver and Eastern cities include three first class and 112 steerage, amongst the latter being a number of Russian immigrants who intend to settle on land.

After discharging fifty-two tons of cargo at this port the liner will proceed to Puget Sound ports to land the balance of passengers and cargo. She will reach Vancouver on May 30 with 300 tons of freight for that port. The total consignments of the liner amount to 2,974 tons, including 650 tons for Puget Sound ports and 1,350 tons for overland delivery, 160 tons for intercoastal transshipment, fifty tons of silk goods and 2,500 bales of silk valued at \$2,000,000. There is 110 tons of vegetable oil in her peak and deep tanks.

In addition to setting a record for the number of passengers carried for the line, she is still maintaining her trans-Pacific record for the company's fleet with a steady average of 14.5 knots.

VESSEL MOVEMENTS

Sygnas at Montreal from Rotterdam.
Port Sydney at Montreal from London.
Gracie at Montreal from Glasgow.
Rio Blanco at Montreal from South Shields.
Chaudiere at Halifax from Bermuda.

Adriatic at Queenstown from New York.
Orduña at New York from Southampton.
Transylvania at New York from Glasgow.

Reaping the Golden Harvest

Agriculture is the backbone of Canadian development. The money received by the Western farmer for his grain crop is newly-created wealth, which circulates throughout the Dominion and influences the activity of all trades and industries.

To enable the farmer to receive the maximum return, his grain must reach the world's markets at the appropriate time, in sound condition. This essential service is performed by the elevator companies, of which The Alberta Pacific Grain Company, Limited, is one of the most important and most successful in Western Canada.

Alberta Pacific Grain Company owns 319 grain elevators strategically located on railways serving the rich farming centres of Alberta and Saskatchewan. It also controls substantial interests in large terminal elevators at the head of the Great Lakes, and is acquiring one of the largest and most active terminal elevators at the port of Vancouver. The business of the company has grown steadily, with the development of Western Canada, since 1902.

An opportunity to invest in this very essential public utility enterprise is afforded by our offering of Alberta Pacific Grain 7% Cumulative Preferred Shares. The shares are offered at \$100, each share carrying a bonus of one share of Common Stock.

The Boot Trade Research Association has announced a treatment to prevent cracking of patent leather shoes.

It takes 19,000 silk worms to make the average Spring outfit for the Japanese woman, according to a recent school survey.

and you may walk on it again in a short time

WHEN the children get away to school and the house is clear of little feet, lacquer your kitchen floor with Rogers Brushing Lacquer. It makes a beautiful floor and it is no trouble to apply—it brushes so evenly and so smoothly.

Then when the children come home for lunch, the whole job will be done—and DRY enough to walk on.

Why, it's almost as quick as mopping your floor with soap and water—and a great deal quicker and easier than scrubbing. It gives you a new, hard, lustrous floor that won't scratch, print or hold dust or lint. Washes like porcelain.

You can walk on it shortly after you've finished putting it on. It wears and wears and WEARS. Wonderful stuff.

And it's just as good for lacquering your furniture as it is for floors and all other woodwork. The new perfected lacquer that doesn't soften or lift the old paint underneath, thus mixing the shades and making a dirty job.

Rogers Brushing Lacquer—remember the name—it's important, because it's the lacquer the world has waited for.

Your dealer will show you 18 popular colors and new shades besides black, white and clear.

Sold under this Money-back GUARANTEE

We guarantee every can of Rogers Brushing Lacquer. If satisfactory results are not obtained when applied according to directions, your dealer is authorized to refund the entire purchase price.

Wall Street

Last Minute News on Stocks and Financial Affairs

New York, May 25 (By R. P. Clark and Company).—Petroleum shares were prominent, reflecting steady accumulation, and while the stock market in general showed a firm tone, there was evidence of shifting from some of the motor issues into the new favorites. There was also more of an even balance between a demand for accumulation offered by profit-taking, but on the whole this section was active and excellent absorptive powers were noted.

More favorable April earnings figures for the rails were featured in the day's reports, while gasoline advanced as reported in the New England States, and the fact that higher production figures were reported was expected in the face of a heavy consumption period.

There were clear indications that the demand for stocks is broadening, and while buying power is still a discerning affair, the rails are coming in for more consideration, and with signs of returning confidence the rails and oils, with their background of favorable influences, look attractive.

New York, May 25 (By B.C. Bond Corporation's direct Wall Street wire).—The Wall Street Journal's stock market edition this afternoon says: The firmness in prices which has characterized the stock market the past several sessions was continued with high grade rails, the oil stocks and a number of the motor, utilities and steel in good demand. Some institutions were reported buying preferred and high grade common stocks.

Included in oils which reflects good trade conditions were Atlantic Refining, Marland, Skelly, Phillips and Pure Oil. The budget of the oil industry was available, and an optimistic view, including continuance of increased car loadings and improvement in railroad earnings. Money renewed at 4 per cent, but there was a plentiful supply available. Pig iron in the southern and eastern markets remained firm, while Buffalo quotations were lower.

Crode rubber was off, while French and Belgian francs moved lower. Gossip in commission house circles had it that there was large accumulation underway in Texas Company stock based not alone on the company's strong earnings position, but also the likelihood of some important dividend development late in the summer.

Public utilities showed firmness, strength in local traction issues being spread to stocks in this category. Columbia Gas and North American for a company which is not making much money, under present contract arrangements, persistent strength in Interboro selling above \$2 was regarded as forecasting some fundamental change in the Interboro-City relations in the operation of the jointly owned subway.

Radio Corporation group was in special demand. Buying came from quarters which have sponsored stock more or less for some time past. General Asphalt moved with the oils. Aside from its sound position as the leader of the Pacific Oil trade, S.O. of Canada is being forecasted a raise in the annual dividend basis.

Certainly the city authorities would like to see the subway, in which the municipality has several millions invested on which taxes must be gathered to pay interest, put on a money-making basis. United Cities Stores company of America advanced to 84 1/2. Buying was based on the expectation of an extra cash distribution. It understood that a declaration will be made by Fall at the latest.

After a short period of relative inactivity, during which the general body of stocks held firm, there was a burst of strength in the railroad group around the end of the second hour. This was induced somewhat by publication of additional favorable earnings statements.

The report of Wabash for the first four months showed a gain of about thirty per cent in surplus and the stock was fairly well rounded in the late afternoon. Ohio and Ohio is one of the carriers on which an increase dividend is expected.

THE YELLOW STUB

by Ernest Lynn

Together they placed her gently in the taxi cab, and Jimmy had a swift recollection of another evening when he had been alone with her and had lifted her into another cab, and Mary had seen him.

He slammed the door behind him, and Mary's voice came faintly to his ears. "Oh, Jim, what did she say?" But they had started, and his only answer was an encouraging wave of the hand.

"Take it easy over those roads," he commanded the driver, and turned to look pityingly at the still white face on his arm.

It seemed to Jimmy as if ages had passed since he had seen Mary Lowell on the street and dashed so unceremoniously away from her. It was hard to make himself believe that it had been that very afternoon—only short hours ago. He wondered then—and for the first time since it happened—he allowed his thoughts to dwell on it—what she had thought of him, what she must be thinking now.

Mary, he breathed, happy for the first time in dreary, heart-breaking weeks, now that he knew she still cared.

Olga, sitting in his arms, sighed, and he felt swift compassion for this girl who had braved so much just to help him. He felt that it was some how profane and sacrilegious to be thinking of someone else, with Olga's white face upturned to his.

But he couldn't help it, he thought, with something akin to tears in his eyes. He was himself—Jimmy Rand—just as God had made him. He couldn't change. He found himself wondering again about Mary, warmed by the thoughts of her. Was she thinking of him? There would be so much to tell her.

Mary, at that very moment, was thinking of him, and her thoughts were bitter.

O'Day proffered him and fidgeted and gestured as he related the happenings of the last drama-filled hours, to the occasional accompaniment of a sharp stab of pain that was the warning of the protesting and maltreated rib.

"And Jensen's dead," he said. "Divis is in the hands of police." "Yeah, I know, Rand. I heard about it. A squad's gone out there. They'll make him talk." "They don't have it. I know who—well, I don't know much, but—" "Here," interrupted O'Day, shoving a sheet of yellow paper at him. "From Mooney. Just got it. He's learned what he was after from Mexico City. Thaddeus Rand was mixed up in the first time. Read it, then I'll listen to you."

And Jimmy read, with eyes that dilated with astonishment, wonder and dawning realization. Sharp cries of surprise came from him. Long minutes he was silent, after he had read it all. Then he turned to O'Day.

"I break I understand now," he said softly. "I think I understand." He turned to face O'Day squarely. "Lieutenant," and his hand was on the other's shoulder. "You've been kind to me. You're one of the few who have understood me. Now I want to ask you a favor, before I tell you the rest."

"Shoot," O'Day was smiling, his voice gruff as a bulldog's. "I want you to let me handle this thing my way, Lieutenant."

"What do you mean?" "First, do you promise?" "All right, I promise. Now then."

CHAPTER LII
Aside from being one of its wealthiest men, Samuel Church was one of New York's unexplained mysteries. For instance, it was hard for the average man in the street to understand why a bachelor should want an eighteen-room house, when something much smaller would have answered as well, without sacrifice of comfort or beautiful surroundings.

Another mystery was his sudden leap from the position of an obscure lawyer to that of one of the best known in the city and indeed, in that part of the state. As is so often the case, his prominence came hard on the heels of his newly-acquired wealth.

He sat in his favorite chair before the table, the heavy bowl of his pipe almost caressing his chin, its curved stem gripped loosely in his teeth.

But Sam Church was not working he was reading a newspaper. From time to time he looked up, glanced irresolutely toward the telephone nearby, and turned back again to the print.

After a time he threw the paper down, puffed savagely on his pipe and turned a loose-leaf notebook on the table in front of him.

A quiet step in the wide doorway that opened living-room into library failed to disturb him.

Without looking up, Sam Church said, "Yes, Thorne."

But Thorne's low, unctuous voice did not answer him. The silence was disturbing. Church slowly raised his eyes and then gave a sudden start.

"Good evening," said Jimmy Rand.

With admirable control, Church removed the pipe from his mouth and with both hands pushed himself back from the table.

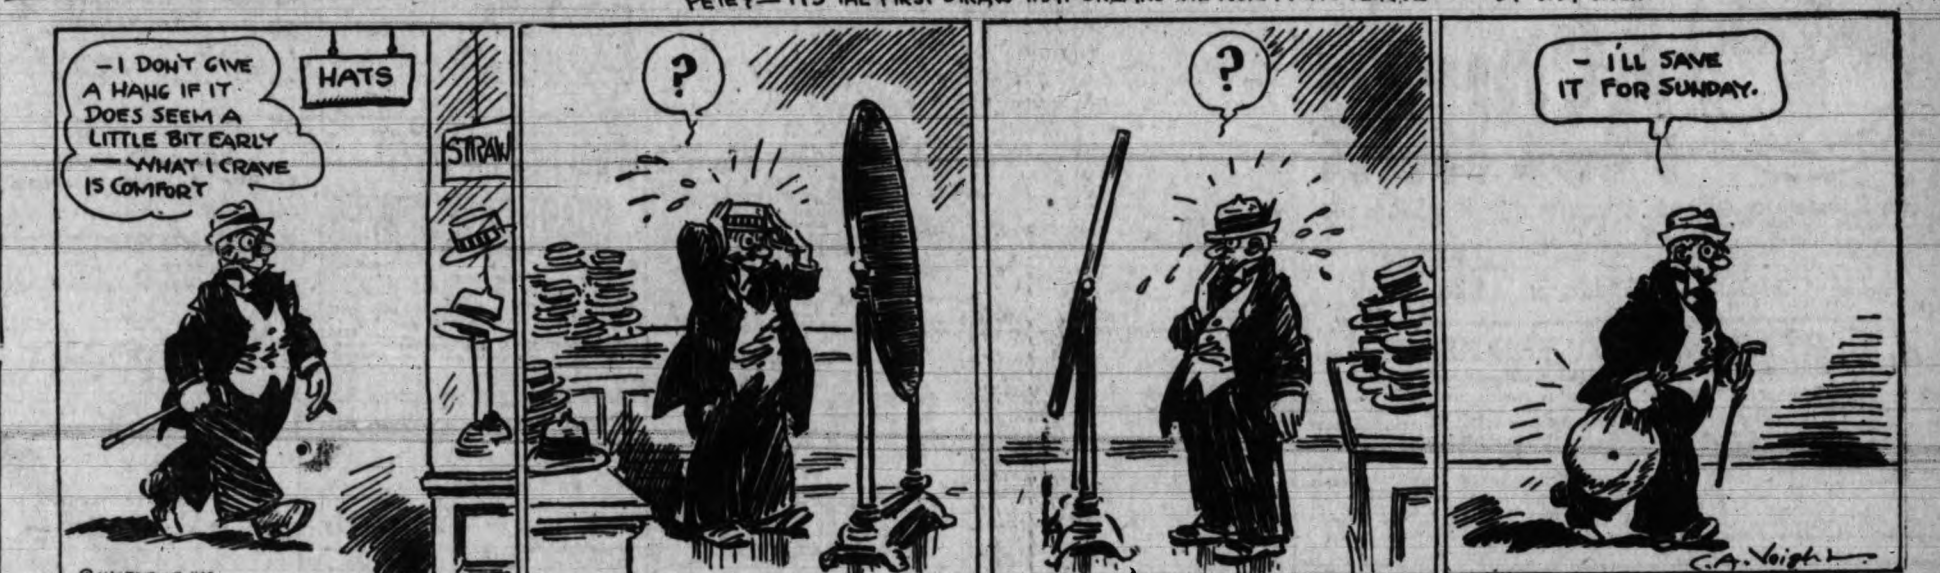

"How did you get in here?" he asked coolly.

"The same way, I suppose, that most people get in—through the front door. How did you suppose?" "But the butler, where—how—"

"Oh, your butler. Very fine butler you have, Church. Didn't want to let me in at all. I had to persuade him."

BEAUTIFUL ROSES WILL BE ON SHOW

Oak Bay Society Exhibition Set For June 12 at Crystal Garden

Beautiful roses that will compare with those grown in any part of the world will be on exhibition at the third annual rose show to be held in the banquet hall of the Crystal Garden Saturday, June 12. Twenty-four classes announced by the secretary, David Reid, provide for a wide variety, and although the society is known as the Oak Bay Rose Society, there will be entries from rose lovers both of Oak Bay and Victoria. The society is really formed to embrace all interested in rose culture in this section, and since its organization three years ago the common bond of appreciation of the queen of flowers has helped build up a good membership. At the show in June most of the exhibits will be those of amateurs in rose culture, although there are four classes for nurserymen.

CLASSES
The list of classes is as follows.

NURSERYMEN

1. Representative group of cut roses, to be exhibited in vases on staging.
2. Bowl of cut roses, arranged with foliage only. Plants must be grown in field only.
3. Best selection of buttonhole roses, arranged with own foliage.
4. Basket of roses, not less than 18 blooms, grown under glass.

AMATEURS

Not limited to members of the society. Non-members to pay entrance fee of 25 cents in each class.
5. Exhibition roses, 12 blooms distinct varieties.
6. Exhibition roses, 12 blooms, not less than 6 varieties.
7. Exhibition roses, 6 blooms, distinct varieties.

8. Six vases of decorative roses, distinct varieties, not more than 3 stems to each vase, small buds may be left on stems.
9. Six garden or decorative roses, distinct varieties, one stem of each.

10. One vase of single roses, 12 stems, one or more varieties.
11. One vase of single roses, 6 stems, one or more varieties.
12. One vase of single roses, 3 stems, one or more varieties.

13. Best selection of buttonhole roses, 6 blooms, distinct varieties, to be shown with own foliage.
14. Bowl of cut roses, arranged with rose foliage only, small buds may be left on stems.

15. Basket of roses, not less than 12 blooms of one or more varieties.
16. Three white or cream roses in vase, one or more varieties.
17. Three yellow roses in case one or more varieties.
18. Three pink roses in case, one or more varieties.
19. Three red roses in vase, one or more varieties.

20. Three roses any other color or colors than specified in 16, 17, 18 and 19, one or more varieties.
21. Decorated dining table (table 6 ft. by 4 ft.), roses and rose foliage only. White table cloth only to be used. This to be supplied by exhibitor.

22. Decorated dining table (table 6 ft. by 4 ft.), any kind of flower and foliage and other decorations permitted.
23. Six blooms of new roses, placed

in commerce and distributed since January 1, 1920.

24. Champion rose in show. Exhibitors are invited to enter in this class so that all the really first-class blooms may be exhibited together. But the judge may select the premier bloom from any exhibit in any part of the show.

THE OFFICERS

The officers of the society are: President, H. R. Beaven; committee, His Honor Judge Lampman, Chas. James Prior, Dr. W. P. Walker, J. Fyfe Smith, J. V. Scrivener and Brig.-General J. E. Dunbar; judge of show, J. Fyfe Smith; honorary secretary, David Reid, 1053 St. David Street, Oak Bay, B.C.; honorary treasurer, E. Statham, Bank of Montreal, Oak Bay.

Sidney

Special to The Times

Sidney, May 25.—The regular monthly meeting of the Parent-Teacher Association, which was postponed last week, will be held tonight at 8 o'clock in the school. Mr. Charlesworth, the secretary-treasurer of the B.C. Teachers' Federation, will speak on "Modern Developments of Education in British Columbia." A special meeting for the teachers of the district will be held the same evening in the school at 7 o'clock.

The Arion Club of Victoria will give a concert in the auditorium on Thursday, May 27. The proceeds will be given to the Sidney and North Saanich War Memorial Park.

At the Court of Revision held at the courthouse here, 144 new names

Mrs. D. Macfadyen has returned home after spending several weeks in Victoria and on Orcas Island.

Mrs. Hinnant is spending a few days in Victoria.

A scholarship fund of \$7,215 is available to graduates of Muskegon, Mich., high school who need assistance in continuing their education.

A blast of 100,000 pounds of dynamite is to be made in a hill of copper ore in Arizona.

"Saves Me Many Dollars"

"OUR family likes rich cream-and-butter flavor in milk dishes. Doesn't yours? But with ordinary milk my budget cannot stand the amount of expensive butter I have to buy. Now I use Carnation Milk."

In soups, baked dishes, creamed vegetables, sauces, cakes, Carnation gives real cream-and-butter flavor. No need for expensive cream for desserts or coffee because Carnation has full, rich cream consistency and flavor.

Carnation is just pure, fresh milk, evaporated to double richness, kept safe by sterilization. Economical because it keeps. Order several cans or a case of 48 cans from your grocer.

THREE MINUTE CAKE.—2 eggs, 1 1/3 cups brown sugar, 3 tsp. baking powder, 1/2 tsp. nutmeg, 1/3 cup water, 1/3 cup shortening, 1 2/3 cups flour, 1/2 lb. dates (stoned and cut fine), 1/2 tsp. cinnamon, 1/3 cup Carnation Milk. Place ingredients in large bowl and stir, beating hard for three minutes. Bake in loaf pan in moderate oven.

Send for a free copy of Mary Blake's Cook Book. Address Carnation Milk Products Company Limited, 134 Abbot St., Vancouver.

**It looks creamy
It tastes creamy
It is creamy**
